A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Summary: The right to free speech and peacefully assembly is a cornerstone of our democracy. We condemn the use of violence to quell the voices of students and violate the free speech rights of students. We applaud this motion, which is the first positive step to ensure the rights of students are upheld. We are appalled that UCLA security and LAPD stood idly by for hours on April 30 as students were subject to violence by outside agitators who shot fireworks into the encampment, used bear mace on students and reporters, and attacked students with bats and knives, and other objects.

At the hands of both the agitators and LAPD, students suffered concussions and other injuries with many needing to go to the hospital. We condemn the inaction and inability of school administrators to protect the students engaging in civil discourse on their campus. This motion should also investigate why none of the outside agitators have been arrested.2 We support this motion and request real concrete changes as a result of its findings. 1 Shalby, Colleen. Position: Support

The right to free speech and peacefully assembly is a cornerstone of our democracy. We condemn the use of violence to quell the voices of students and violate the free speech rights of students. We applaud this motion, which is the first positive step to ensure the rights of students are upheld. We are appalled that UCLA security and LAPD stood idly by for hours on April 30 as students were subject to violence by outside agitators who shot fireworks into the encampment, used bear mace on students and reporters,[1] and attacked students with bats and knives, and other objects. At the hands of both the agitators and LAPD, students suffered concussions and other injuries with many needing to go to the hospital. We condemn the inaction and inability of school administrators to protect the students engaging in civil discourse on their campus.

This motion should also investigate why none of the outside agitators have been arrested.[2]

We support this motion and request real concrete changes as a result of its findings.
