Comments for Public Posting:	My name is Esha Azad. I'm a USC alumnus and constituent in CA-37 writing in support of item 18. The violence unleashed on students on both the USC and UCLA campuses must be met with accountability. LAPD received over $3 billion dollars for the 2023-24 fiscal year. The people have a right, and this council has a duty, to demand answers and to hold the LAPD accountable for its actions. This issue matters to me because I witnessed the brutality firsthand and believe that peaceful protests should not be met with disproportionate and unprovoked violence. Please support item 18, thank you.

This issue matters to me because I don't like my tax dollars being used to inflate the wallets of abusive police officers. This issue matters to me because I support free speech, not violence against those who try to exercise free speech. No amount of money or training seems to make police officers less violent, so they must at the very least face consequences for their actions. Please support item 18, thank you.

The people have a right, and this council has a duty, to demand answers and to hold LAPD accountable for its actions. This issue matters to me because my family has been a victim of unwarranted police brutality that turned fatal. They need to be regulated and NOT allowed to have few reign without consequences. They are not protecting and serving this city but hurting the young people that are our future. GET THESE POLICE OFFICERS IN CHECK. Everyone believes in something and we have all fought for that belief. It's 2024 give people a safe & brave space to do so with out antagonizing them, hurting them and arresting them for existing thank you. Please support item 18!

Comments for Public Posting: I'm a constituent in CD10 writing in support of item 18. The violence unleashed on students on both the USC and UCLA campuses must be met with accountability. LAPD received over $3 billion dollars for the 2023-2024 fiscal year. The people have a right, and this council has a duty, to demand answers and to hold LAPD accountable for its actions. This issue matters to me because the use of excessive force on unarmed citizens at any public gathering, "lawful" or "unlawful," is an abuse of power and a miscarriage of justice.
