A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enable by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or rResolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website.Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Councils rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Agenda Date:
Item Number:
Summary: WHEREAS, on June 26th city council referred Council File 26-0925, entitled Modern Organics Processing and Composting Master Plan / Increase Local Composting Capacity / Recycla Service Providers to the Energy and Environment Committee. WHEREAS, this motion directs the Bureau of Sanitation (LASAN) to develop a Modern Organics Processing and Composting Master Plan (Master Plan) to increase local composting capacity. It asks LASAN to recommend actions to achieve the Mayor’s 2026 Climate Action Plan Target - 6B (Mandating 50% local compost and mulch usage by 2030) and contains requests to align with California’s Senate Bill 279 and 1383 for organic waste

processing. Together, we believe it constitutes a reasonable request for LASAN to address legacy issues with the production and distribution of compost. WHEREAS, we the Northwest San Pedro Neighborhood Council are eager to ensure the City Council, the Energy and Environment Committee, and LASAN take every measure possible to provide beneficial services for our constituents and for the environment. WHEREAS, Northwest San Pedro is home to LASAN's Gaffey Street SAFE center at 1400 N Gaffey St, San Pedro, CA 90731. Northwest San Pedro and the residents of CD15 benefit on a daily basis from the ongoing delivery of mulch every Friday. However, our residents could benefit from the addition of regular compost deliveries to the Gaffey Street Location. Currently, our residents must travel between 30 and 32 miles each way to the Griffith Park Compost facility located at 5400 Griffith Park Drive, Los Angeles, CA 90027 to access LASAN's free compost services. Without convenient access to these services, residents of Northwest San Pedro are functionally excluded from the city's efforts to localize compost use within the city and bear a disproportionate burden as LASAN ratepayers. These additional services would assist LASAN in establishing a steady organics stream with heavy local uses, comply with the Mayor's directives, and

Council File: 26-0925

Title: Modern Organics Processing and Composting Master Plan / Increase Local Composting Capacity / Recycla Service Providers

Action: **Support**

WHEREAS, on June 26th city council referred Council File 26-0925, entitled Modern Organics Processing and Composting Master Plan / Increase Local Composting Capacity / Recycla Service Providers to the Energy and Environment Committee.

WHEREAS, this motion directs the Bureau of Sanitation (LASAN) to develop a Modern Organics Processing and Composting Master Plan (Master Plan) to increase local composting capacity. It asks LASAN to recommend actions to achieve the Mayor's 2026 Climate Action Plan Target - 6B (Mandating 50% local compost and mulch usage by 2030) and contains requests to align with California's Senate Bill 279 and 1383 for organic waste processing. Together, we believe it constitutes a reasonable request for LASAN to address legacy issues with the production and distribution of compost.

WHEREAS, we the Northwest San Pedro Neighborhood Council are eager to ensure the City Council, the Energy and Environment Committee, and LASAN take every measure possible to provide beneficial services for our constituents and for the environment.

WHEREAS, Northwest San Pedro is home to LASAN's Gaffey Street SAFE center at 1400 N Gaffey St, San Pedro, CA 90731. Northwest San Pedro and the residents of CD15 benefit on a daily basis from the ongoing delivery of mulch every Friday. However, our residents could benefit from the addition of regular compost deliveries to the Gaffey Street Location. Currently, our residents must travel between 30 and 32 miles each way to the Griffith Park Compost facility located at 5400 Griffith Park Drive, Los Angeles, CA 90027 to access LASAN's free compost services. Without convenient access to these services, residents of Northwest San Pedro are functionally excluded from the city's efforts to localize compost use within the city and bear a disproportionate burden as LASAN ratepayers. These additional services would assist LASAN in establishing a steady organics stream with heavy local uses, comply with the Mayor's directives, and empower homeowners, landscapers, and gardeners within Council District 15 to make a positive impact on city-wide soil health.

NOW, THEREFORE, BE IT RESOLVED, we the Northwest San Pedro Neighborhood Council support resolution 26-0925 and further request LASAN and the Energy and Environment Committee to consider additional services to Northwest San Pedro and Council District 15.
