Comments for Public Posting: I am writing to express my strong and unwavering support for the Commercial Tenant Anti-Harassment Motion. As a minority business owner, I have witnessed firsthand how commercial tenant harassment has become a critical economic justice issue. While residential renters have gained important protections, commercial tenants remain largely vulnerable to predatory practices by landlords who often view community-serving businesses as obstacles to maximizing corporate profits. Across Los Angeles, Black and Brown small business owners are disproportionately impacted by illegal utility shut-offs, bad-faith lease manipulations, intimidation tactics, and ongoing harassment. These practices create significant barriers to success and contribute to the quiet but devastating displacement of small businesses that are essential to the cultural and economic fabric of our communities. Unlike large corporations, small businesses operate on limited margins and often lack the financial resources necessary to challenge bad-actor landlords through costly legal battles. Without meaningful protections and enforcement mechanisms, many business owners are left with little recourse when faced with harassment and unfair treatment. For these reasons, I strongly support the Commercial Tenant Anti-Harassment Motion and urge the City Council to vote YES. This vital legislation will help create accountability, protect vulnerable small business owners, and preserve the diverse, locally owned businesses that strengthen our neighborhoods and drive economic opportunity throughout Los Angeles. Thank you for your leadership and commitment to protecting our small business community.

Comments for Public Posting: The District has become far more than just a business—it has become a pillar of the community. Through outstanding leadership, a commitment to service, and a genuine heart for people, The District has created opportunities for small businesses, supported local entrepreneurs, and consistently given back to those in need by feeding the homeless and serving families throughout the area. The District represents unity, hope, and economic growth. Its presence has brought people together, strengthened the community, and provided a welcoming space where residents and businesses can thrive. As efforts are being made to reclaim the property, the voices of the community have spoken loudly and clearly: The District is worth preserving. Residents, supporters, and local businesses are standing together in hopes that this establishment will remain, recognizing that its impact extends far beyond its walls. Great leadership builds great communities, and The District has proven itself to be a shining example of what happens when service, compassion, and vision come together. The community is not simply fighting for a building—they are fighting to preserve a legacy of hope, opportunity, and positive change for generations to come.

Comments for Public Posting:	Today, we gather in support of Mr. Lacy, who invested not only his resources but also his passion and dedication into establishing a community hub that has become truly special; it is disheartening that such a place can be taken away so readily. This District represents dreams for many, yet someone can simply come along and take that away. The District holds significant value for individuals across various age groups and backgrounds.

Comments for Public Posting:	I would like to show my support for Council Member Hugo Soto-Martinez's motion to consider residents of Los Angeles, citizens/noncitizens to vote in municipal elections. We miss on the opportunity to give voices to our neighbors and city contributors who live in this city. They pay taxes, live, work, and contribute to this great city as much as citizens do. They have the right to be heard through their votes. I understand the predicament that we are in - but we need to move forward and give people the access to their civic duties to this city and that includes the right to vote. Thank you!
