Re: LA28 2025 Annual Report

Dear Matt and Sharon,

This letter is in response to your email, dated September 27, 2026, regarding LA28's list of all contracts with a cumulative value in excess of $1,000,000, as part of our annual report for 2025 that was submitted to the City on March 31, 2026. To resolve any questions regarding the 2025 annual report, we have attached the list of 2025 contracts with a cumulative value in excess of $1,000,000.

As we discussed with you the day of your email, we had previously shared the contract information and addressed all questions with City Liaisons in mid-July. This process was consistent with the process we had agreed upon with the City Liaisons in 2025 for the 2024 annual report, which was submitted to the City on March 31, 2025, and received and filed by the City in January 2026. And the report issued by your offices dated September 25, 2026 stated that LA28's annual report was compliant with the Games Agreement. Accordingly, your September 27 request for additional documentation was unexpected.

After receiving your email request, we have been fully engaged with you to submit the full list of contracts so that it can be made publicly available before the City Council considers the 2025 Annual Report. We appreciate your cooperation as we reviewed and navigated confidentiality and commercial sensitivity concerns as we are in on-going negotiations with other partners in similar spaces.

Having completed this work, as well as discussions with Ad Hoc Committee Member offices, attached is the full list of contracts with a cumulative value in excess of $1,000,000 that were executed in 2025 (including the name, type, amount, purpose, and term). We remain available to answer any additional questions.

Thank you for your partnership. LA28 is committed to delivering a fiscally responsible Games and remains dedicated to working cooperatively and in good faith with the City.

Sincerely,

John Harper
Chief Operating Officer, LA28

Enclosure: List of FY2025 Contracts

[1] The values shown reflect both cash and non-cash consideration (e.g., value-in-kind contributions measured at fair market value).

[2] Confidential due to Ceremonies-related considerations and contractual restrictions.

[3] In LA28's 2026 Annual Report submitted to the City, a contract was included in the calculation of the aggregate contract value that has since been amended to fall below the reporting threshold required under the Games Agreement. Additionally, a contract value included in the prior total has since been corrected as part of this calculation. The revised figure provided here reflects these changes and corrections.

[4] Contract executed FY2023.
