| **Comments for Public Posting:** | Close the Santa Monica airport and use it for affordable housing that the working class, seniors, and students own through a trust! That is LA Territory, my neighborhood of Mar Vista runs right into the airport! We need community owned housing!!! https://htwws.org/santamonicaairport/ |

**Comments for Public Posting:** Dear Mayor and Councilmembers: My property is located next to a development in the City of Los Angeles. Los Angeles City Councilmembers Donna Choi, Greg Shoop, Johan Diel, Gil Cedillo, and Christopher Arrelano were on the commission that claimed the development did have a negative impact. However, I have suffered greatly. The development design and grading plans for the development were flawed and put my property at risk. Three6ixty wrongly misrepresented the impacts to steam roll this project forward. It does nothing local owners and residents but line the pockets of these developers and lobbyist. Ms. Donna Choi refused to hear and comprehend my concerns regarding the negative impacts of the development. Donna Choi sacrificed my personal property for her and the City's benefit. I hope to inform the City of Los Angeles of her malice behavior. Be aware of the harm she can cause to the current local citizens when she has everything to gain from these developments that she oversees. I believe the residents of Los Angeles need to know about their policy decisions and how they will be negatively affected.
