PLEASE DON'T FORGET TO PLACE CF 25-0193 ON THE AGENDA FOR THE JUNE 5 RULES COMMITTEE MEETING.
THE MEETING IS THIS COMING FRIDAY, AND AS YOU KNOW, THE AGENDA MUST BE POSTED AT LEAST 72 HOURS IN ADVANCE.

PLEASE SEE MY EMAILS BELOW. THANK YOU VERY MUCH.

FYI, Mayor Bass has unequivocally stated that she is not blocking CF 25-0193 and that she has not "put a hold" on it. She has made it clear that 25-0193 is fully free to move through the City Council. Here is the video of her remarks on that: VANC Meeting w Mayor Bass, re animal issues, 4-9-2026.mp4 - Google Drive

Below is the transcript of what she said (quoted exactly):

> 0:00
> **Jeffrey Mausner:** Good evening, Mayor. I'm Jeff Mausner, Tarzana Neighborhood Council and VANC Executive Committee.
>
> What is the status of City Council File 25-0193, the Sister City Motion to End the Dog and Cat Meat Trade in Vietnam?
>
> Solomon Rivera told me at the Neighborhood Councils meeting with you on March 4th that he would get back to me on what was holding up the motion and see if there is anything the Mayor's Office can help with to move it forward, but he hasn't done so yet. Thank you, Mayor.
>
> 0:47
> **Mayor Bass:** Well, I'm very sorry and I'm really glad you told me what that

motion was because I had no idea. You know, in terms of the council file, but I do understand there is nothing that is holding it back on our part.

So I will reach out to the Council and ask them why they haven't moved it forward. You disappeared on my, I don't know where you are now, but anyway, but there isn't anything. It is a council motion, so they have the authority to move it forward.

There's nothing blocking it. But I can't answer to you, but listen, I mean, I have to promise you we'll get back to you. I really hate hearing that we've said something and then we don't get back and then why should you believe me now? So, we gotta get back on that, OK? Cause that's a simple question.

It is in the ballpark of the Council, not the Mayor's Office, but there's no reason in the world I can't pick up the phone and find out why.

1:48
Mausner: OK, Council President Harris Dawson's office is under the impression that the Mayor's Office put a hold on it.

Mayor Bass: I can't put a hold on a council action. If I could, let me tell you. [Laughter.]

2:07
Mausner: OK, well, please straighten that out with them because that's what they think, OK. Thank you Mayor.

2:14
Mayor Bass: You're giving me ideas. OK, if I could put holds on things in the Council, I'm gonna get busy.
[Laughter.]

2:20
Linda Gravani: Jeff, are you gonna talk about the other one?

2:22
Mausner: If I have time, I would.

Gravani: Really quickly, yes.

2:25
Mausner: This question is about saving both animals and City resources. More and more healthy adoptable dogs and cats are being killed in the City animal shelters for lack of space. Will you increase the budget for spay/neuter to reduce

shelter intake, which is the only long-term humane way to reduce shelter overcrowding and also save the City millions of dollars over time?

3:08
Mayor Bass: You know, you're very timely with that because I'm under discussion with the budget team exactly about that now. I think it's $14 million that is needed.

I will tell you though that there's a number of nonprofits that are weighing in with that to be very helpful with this. Excuse me, the piece of it is, you know, one of the problems with the animals that are in the shelters too long is that they lose the domestic side, right? And one of the reasons for that is because they're caged up, they're not walked, etc.

So there are a number of nonprofits that we're coming together. We're gonna be making some announcement about that soon so that every dog gets walked every day. That will help.

3:54
Mausner: OK, thank you, ma'am. I'm gonna put a City Watch article about funding spay neuter into the chat.

4:03
Mayor Bass: Thank you. Go right ahead. I better run cause now I'm running late to my next meeting.

Given the Mayor's clear statement that nothing from her office is holding back CF 25-0193, it is important that the motion be agendized and voted on at the next Rules Committee meeting. Thank you. Best regards, Jeff Mausner

Best regards, Jeff Mausner

Dear Council President Harris-Dawson,

I hope you are doing well. I'm following up regarding an email that was sent for the May 1 Rules Committee meeting, which was cancelled. For that reason, we respectfully request that Council File 25-0193 will be agendized for the June 5 Rules Committee meeting.

Both Councilmembers Blumenfield and Lee have told me that they support placing this item on the June 5 Rules Committee agenda, and I would greatly appreciate your discussing it with them if that has not already occurred.

For convenience, I've included the April 21 email below, which provides background and context. Please feel free to contact me if you have any questions. Thank you very much.

Best regards, Jeff Mausner

> I respectfully and strongly urge you to agendize and vote in favor of Council File 25-0193, the Sister City motion encouraging the City of Hanoi, Vietnam, to end the dog and cat meat trades. I understand that Councilmember Blumenfield has asked you to agendize it, and I hope you will do so for the May 1 meeting of the Rules Committee. Alternatively, I ask that you waive committee consideration, as Councilmember Blumenfield requested over a year ago.

> ***Five Million Dogs and Cats Desperately Need Saving in Vietnam***
> https://www.citywatchla.com/animal-watch/29620-five-million-dogs-and-cats-desperately-need-saving-in-vietnam
>
> Each year, approximately 5 million dogs and 1 million cats are killed in Vietnam for the dog and cat meat trades, more than 13,000 dogs every day. The article above describes the brutal methods used and the horrific conditions in which these animals are kept. Los Angeles has a real opportunity to help end this cruelty, just as we helped encourage the end of the dog meat trade in South Korea.
>
> **Background and Prior Council Action**
> As you may recall, in 2019, the Los Angeles City Council unanimously passed Resolution CF 19-0002-S101, signed by the Mayor, making it the official position of the City to oppose the dog meat trade worldwide, including specifically in Vietnam.

Thank you for your support of Council File 19-0002-S101, the first City Council Resolution requesting the governments of China, Vietnam, South Korea, Cambodia, and Indonesia to ban the sale of dog meat and to enforce their animal cruelty laws. Committee consideration of that Council File was waived and it passed Council unanimously. That Resolution played a role in the unanimous vote of South Korea's National Assembly to ban dog meat nationwide in January 2024. Please see: *KoreanDogs.org – LA Council Passes Resolution Asking South Korea to Stop the Dog Meat Trade* (which mentions your vote in favor);

South Korean Lawmakers Applauded for Historic Ban of Country's Dog Meat Trade;

SFV Resident Plays Vital Role in South Korea's Ban on Dog Meat Consumption.

It took a while, but your support for 19-0002-S101 finally had a positive result in South Korea, helping to save the lives of millions of dogs! It will have a further positive result in Vietnam with the passage of 25-0193! Thank you for seconding Council File 25-0193!!! CF 25-0193 applies Los Angeles' existing policy to help end dog and cat meat within the context of a potential Sister City relationship.

The Sister City Proposal

The idea is straightforward: Los Angeles does not currently have a Sister City in Vietnam. In September 2023, President Biden and the leader of Vietnam entered into a Comprehensive Strategic Partnership, which encourages Sister City relationships. A Sister City relationship with Hanoi would bring economic, cultural, educational, scientific, and tourism benefits to both cities. Because Los Angeles already has an official policy opposing dog meat in Vietnam, the Sister City relationship should include discussions on Hanoi agreeing to phase out dog and cat meat. This is a positive, cooperative, incentive-based approach, not a confrontation.

Addressing Concerns Raised

1. The language in CF 25-0193 is respectful and not "in your face." The motion contains only one sentence on the issue, and it does not explicitly mention dog or cat meat directly. It simply states: "As part of the City's discussions to establish a sister city relationship with Hanoi, the City's representatives and negotiators should keep in mind the policy set forth in Council File 19-0002-S101." This is measured, diplomatic, and entirely appropriate.

2. The motion is not culturally insensitive.

Surveys conducted in Vietnam show overwhelming support for ending the dog and cat meat trades:

68% of Vietnamese citizens support banning the dog meat trade (Nielsen survey, 2023)

71% of Vietnamese citizens support banning the cat meat trade (Nielsen survey, 2023)

95% of Vietnamese believe eating dog and cat meat is not part of Vietnamese culture (Four Paws survey)

The dog and cat meat trades persist because of economic interests, not cultural identity. The people of Vietnam are not free to protest and demonstrate against it, as was the case in South Korea. The Sister City proposal provides a positive economic incentive to help Vietnam do what the vast majority of its own citizens already want. Without this incentive to help the people of Vietnam, the dog and cat meat trade will most likely continue for many years, resulting in the continuing brutal deaths of millions of dogs and cats.

3. The motion has no fiscal impact and is in fact economically beneficial for both cities. Sister City relationships promote: Business and trade, Tourism, Educational and cultural exchange, Cooperation in science, technology, agriculture, and energy. Ending the dog and cat meat trades is also supported by international tourism and business organizations concerned with global reputation and public health.

4. This motion does not dishonor Vietnam Veterans.
I have the greatest respect for Vietnam Veterans and am deeply grateful for their service. Several Vietnam Veterans have publicly expressed support for CF 25-0193. Their statements appear in the following film: https://www.youtube.com/watch?v=ZBaFiQt0ihE
(This film was made when Mayor Bass had put a hold on 25-0193. She has since stated that there is no hold on 25-0193 and she wants the motion to go forward.)

Public Support in Los Angeles
There is extraordinary, overwhelming public support for CF 25-0193:

14,904 people emailed the Mayor in support, through In Defense of Animals.
Over 3,000 public comments have been submitted in support of CF 25-0193.
Three Neighborhood Councils (including mine in Tarzana) have filed Community Impact Statements in support.
VANC (Valley Alliance of Neighborhood Councils) passed a resolution in support.
More than 36,000 people have signed a *Lady Freethinker petition* in support.
A prominent Vietnamese American businesswoman, attorney, and pediatric dentist also appears in the film mentioned above, supporting CF 25-0193.

There is broad, diverse, and sustained support across Los Angeles for 25-0193, including in your district.

In light of the strong public support, the beneficial economic effects, the alignment with the 2019 Council Resolution and the U.S.-Vietnam Comprehensive Strategic Partnership, and the clear evidence that this motion reflects the views of the Vietnamese public, as well as the other factors set forth in the article cited above, I respectfully ask you to agendize the motion and vote YES on CF 25-0193.

Helping the people of Vietnam stop the suffering and deaths of million of dogs and cats is very important. By voting YES on 25-0193, you will be helping to save the lives of millions of dogs and cats. If you have any questions or any doubts about the motion, I would be grateful if you would call me so we can discuss it. Thank you very much for your consideration.

Sincerely, Jeff Mausner
