TRANSPORTATION

MOTION

I MOVE that the City Council direct the Los Angeles Department of Transportation (LADOT) to continue to monitor neighborhood traffic along the Anaheim Priority Corridor as identified in the June 30, 2025 report under Council File 22-1568, and evaluate any increases in traffic as well as any new safety concerns identified following the closure of the Vincent Thomas Bridge.

I FURTHER MOVE that the City Council direct LADOT to report back in Council File 25-0712 with these findings, as well as provide temporary or permanent treatments or design recommendations to mitigate any traffic and safety concerns along the Anaheim Priority Corridor resulting from the Vincent Thomas Bridge closure. This report should include monitoring traffic conditions, enforcing truck routes, and ensuring public safety for all users of the Corridor and the detour routes associated with the planned full closure of the bridge.
