BUDGET AND FINANCE COMMITTEE REPORT, RESOLUTION and ORDINANCES FIRST CONSIDERATION relative to the issuance and sale of Municipal Improvement Corporation of Los Angeles (MICLA) Lease Revenue Bonds (Bonds), lease and leaseback of real property between the City and MICLA; and, creation of a special fund to record accounting transactions.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. ADOPT the accompanying Authorizing RESOLUTION, attached to the City Administrative Officer (CAO) report dated January 8, 2026, attached to the Council file, which authorizes the issuance and sale in a principal amount up to \$255 million of MICLA Bonds, Series 2026-A (Capital Equipment and Real Property), to be sold on a negotiated basis; and, authorizes the

execution and delivery of related bond documents in connection with the issuance and sale of the Bonds.

2. PRESENT and ADOPT the accompanying ORDINANCE, dated January 9, 2026, approving the lease and leaseback of certain real properties by and between the City and MICLA in connection with the issuance of Bonds by MICLA, to be issued to retire certain maturities of commercial paper notes issued by MICLA.
3. PRESENT and ADOPT the accompanying ORDINANCE, dated January 9, 2026, adding Section 5.162.57 to Article 2.5, Chapter 9, Division 5 of the Los Angeles Administrative Code to create a special fund related to the Bonds to be issued by MICLA, in one or more series, preliminarily named the Municipal Improvement Corporation of Los Angeles Lease Revenue Bonds, Series 2026-A (Capital Equipment and Real Property), with such additional series and subseries designations as determined by the City, to record certain accounting transactions related to the Bonds.
4. INSTRUCT the Controller to create an account in the Capital Finance Administration Fund (Fund No. 100/53) that will be used to pay for future lease payments entitled "MICLA 2026-A (Capital Equipment & Real Property)".
5. AUTHORIZE the CAO to make technical corrections and adjustments as necessary to those transactions included in said CAO report to implement the Mayor and Council intentions.

Fiscal Impact Statement: The CAO reports that the issuance of the Bonds in an aggregate principal amount up to \$255 million will be payable from lease payments to be made by the City to MICLA pursuant to the Lease Agreement, which is an obligation of the General Fund, subject to annual appropriations in the Adopted Budget within the Capital Finance Administration Fund (Fund No. 100/53). The resulting semi-annual lease payments will be due on April 15 and October 15 in sufficient amounts to pay semi-annual debt service payments for the Bonds. There is no additional General Fund impact as the first lease payment will occur in Fiscal Year (FY) 2026-27.

Financial Policies Statement: The CAO reports that the issuance of the Bonds in an aggregate principal amount up to \$255 million, along with the associated lease payments, will not cause the City's debt service obligations to exceed six percent of General Fund revenues for non-voter-approved debt, as required by the City's Financial Policies. After the issuance of the Bonds, the projected non-voter approved debt ratio is estimated to be 2.40 percent in FY 2025-26 and 2.73 percent in FY 2026-27, as detailed in Attachment B of said CAO report.

Debt Impact Statement: The CAO reports that the Bonds will be payable from lease payments to be made by the City pursuant to the Lease Agreement, which is a General Fund obligation. These lease payments to MICLA will be annually budgeted in the Capital Finance Administration Fund (Fund No. 100/53). The average annual debt service for the Bonds is estimated to be \$15.9 million over 20 years, through May 1, 2046. The total debt service, including total principal and interest, over the life of the Bonds is estimated to be approximately \$318.8 million. Actual interest rates may differ as rates are dependent on market conditions at the time of issuance. After the issuance of the Bonds, the projected non-voter approved debt ratio is estimated to be 2.40 percent in FY 2025-26 and 2.73 percent in FY 2026-27, as detailed in Attachment B of said CAO report.

- a. Eight grant applications by the General Manager, Department of Transportation (DOT) and one grant application by the City of West Hollywood in partnership with DOT, to the Open and Slow Streets Cycle 6 and 7 Grant Program for the projects identified in the DOT report dated December 4, 2025, attached to the Council file.

The DOT expects to submit Capital and Technology Improvement Plan budget requests for the required 30 percent local match. MOTION

The decennial federal census is one of the most significant elements in the U.S. Constitution. Census data affects political representation at all levels of government and is the basis for the distribution of billions of dollars in federal funding. An accurate census is essential to ensure adequate political representation in Washington, D.C. and Sacramento, which will have large effects on funding for public safety, transportation, and economic development.

Although the next census will not occur until April 1, 2030, substantial planning regarding a multitude of technical issues is completed years in advance of the actual count. The U.S. Census Bureau must develop accurate address lists and geographic files so they can distribute census questionnaires to every person in the country and ensure responses. The Bureau must also evaluate jurisdictional boundaries, census tract boundaries, group quarter facilities, and streets, among other geographic identifiers, which takes considerable time and requires careful analysis and preparation.

The City should make every effort at this crucial early stage to ensure an accurate count in the 2030 decennial census. Work must begin quickly to ensure that complete and accurate address data is available to the Bureau, which will require integrating datasets located across all City departments that collect and manage address information. Advance planning is also needed to address future technical issues, as well as to prepare for the Complete Count Committee that will address public information and outreach needs leading up to 2030.

I THEREFORE MOVE that the City Council INSTRUCT the Chief Legislative Analyst (CLA), with the assistance of the City Administrative Officer (CAO), City Attorney, and Mayor, to coordinate the City's preparations for the 2030 Decennial Census; and

The City of Los Angeles is home to hundreds of thousands of residents who rely on Medi-Cal and CalFresh for essential healthcare and food assistance. According to the Office of the Mayor, approximately 25 percent of the City's adult population – roughly 600,000 people – are enrolled in Medi-Cal, and more than 350,000 residents received CalFresh benefits as of 2022.

One Big, Beautiful Bill imposes a new requirement that recipients of Medicaid (Medi-Cal in California) and Food Assistance (CalFresh/EBT) must document at least 80 hours per month of either paid employment or approved volunteer community service in order to maintain eligibility. These requirements are scheduled to take effect two years following the 2026 midterm elections.

A substantial portion of Medi-Cal and CalFresh participants in Los Angeles – including people with disabilities, people experiencing homelessness, and single parents with caregiving responsibilities – face barriers to formal employment. Without accessible, qualifying volunteer opportunities, tens of thousands of Angelenos could lose access to critical healthcare and food assistance when these federal requirements are implemented.

To ensure continued access to Medi-Cal and CalFresh benefits, the City should act now to identify and leverage existing volunteer opportunities that meet federal eligibility requirements, centralize and promote those opportunities, and establish clear mechanisms for tracking and verifying volunteer service hours in compliance with the new federal requirements.

I THEREFORE MOVE that the City Council instruct the City Administrative Officer (CAO), with the assistance of the Chief Legislative Analyst (CLA), and in consultation with the Department of Recreation and Parks and the Los Angeles Public Library, to report on the feasibility and requirements for designating City-sponsored volunteer opportunities as qualifying "approved volunteer community service" under the federal *One Big, Beautiful Bill* for purposes of Medi-Cal and CalFresh eligibility.

I FURTHER MOVE that the City Attorney, in coordination with the CAO and CLA, be requested to report back on the legal standards, documentation requirements, and verification procedures necessary to ensure City-administered volunteer hours fully comply with applicable federal and state community service requirements under the *One Big, Beautiful Bill*, including data-sharing and privacy considerations.

I FURTHER MOVE that both reports include recommendations to ensure accessibility and equity for participants, including accommodations for individuals with disabilities, language access needs, housing instability, or limited access to technology, so that participation in volunteer service does not itself become a barrier to retaining benefits.

The Los Angeles Fire Department (LAFD) requires fund transfers to address shortfalls in various sworn and civilian salary accounts. The overspending is attributed to pre-positioning and deployments to storm related events in recent weeks; unfunded sworn bonus adjustments; and civilian overtime supporting field operations. At the rate of current expenditures, some accounts are poised to be depleted well in advance of the Midyear Financial Status Report, including:

- Overtime Sworn (001092) – supports continuing deployments and pre-deployments for extreme weather conditions and events, which is reimbursable through CalOES, CalFire and other mutual aid support.
- Firefighter (Sworn) Bonuses (001030) – supports additional bonus compensation increases as a result of the MOU 22 Fire Chief Officers Representation Unit and MOU 23 Firefighters and Fire Captains Representation Unit agreements.
- Overtime General (001090) – supports fleet maintenance to deploy more apparatus to the field; Fire Prevention plan check activity supporting fire recovery efforts; Advanced Providers and Wildland Hand Crews supporting field needs on enhanced operating schedules; and, the processing of payroll backlogs.

I THEREFORE MOVE that, subject to the approval of the Mayor, the Controller transfer a total of \$5,000,000 from within Fund 100/38, Fire Department, Account 001012, Salaries Sworn, to Account 001030, Sworn Bonuses - \$2,500,000; Account 001090, Overtime General - \$1,000,000; and, Account 001092, Overtime Sworn - \$1,500,000, to cover projected deficits in these accounts.

I FURTHER MOVE that the Council authorize and instruct the CAO and Controller to take any necessary actions and make any technical corrections to the above instructions in order to effectuate the intent of this motion.

MOTION

Since its implementation in 2023, Measure ULA (United to House LA) has become a critical, locally generated funding source for affordable housing and homelessness prevention in the City of Los Angeles. Approved by nearly 60 percent of voters in November 2022, Measure ULA established the Homelessness and Housing Solutions Tax to fund permanent supportive housing, affordable housing production and preservation, rental assistance, eviction defense, tenant outreach, and income support for seniors and persons with disabilities. Since taking effect on April 1, 2023, Measure ULA has generated more than \$1 billion dedicated to these priorities, with the City Council approving nearly \$425 million in ULA-funded expenditures in Fiscal Year 2025 alone.

Measure ULA originated from a community-led initiative that garnered more than 98,000 signatures to qualify for the ballot, with policy language developed by homelessness service providers, affordable housing organizations, and tenant advocates. The measure was designed to address the City's urgent homelessness crisis by generating sustained funding for housing stability and tenant protections. Given the scale of need in Los Angeles and the reliance of existing programs on ULA revenue, any proposed changes to Measure ULA warrant careful and comprehensive evaluation.

As the Council considers amendments to Measure ULA, as proposed in Council File 26-0088, it is critical to understand the fiscal, programmatic, and operational impacts of such changes before proceeding. Given that Measure ULA was adopted by voters with broad public support, and that significant public resources and housing pipelines are now structured around its revenues, the City Council has a responsibility to ensure that any proposed amendments are evaluated through a transparent, data-informed process that fully assesses both short- and long-term impacts.

I THEREFORE MOVE that the City Council instruct the Los Angeles Housing Department (LAHD), in collaboration with the Chief Legislative Analyst, City Administrative Officer, and Office of Finance, to report within 60 days with a comprehensive analysis of Measure ULA revenues, expenditures, and programmatic outcomes from April 1, 2023 through January 31, 2026, and projected for the remainder of Fiscal Year 2025–2026 and Fiscal Year 2026–2027. This report shall include, but not be limited to:

Revenue and Fiscal Analysis

- Funds collected, allocated, and disbursed by Measure ULA to date, and projected through Fiscal Year 2026–2027.
- An analysis of projected short and long-term impacts on Measure ULA revenues under the proposed amendment or carve-out scenarios, including estimated revenue reductions or changes.
- An assessment of administrative, staffing, and implementation impacts associated with the proposed amendments, including program oversight, compliance, and contract administration.

Programmatic Funding Impacts

- Funding levels and expenditures for the following Measure ULA programs:
 - Affordable housing development, acquisition, preservation, and operation
 - Short-Term Emergency Rental Assistance
 - Income Support for Seniors and Persons with Disabilities
 - Eviction Defense and Prevention
 - Tenant Outreach and Education
 - Protections from Tenant Harassment
 - ULA Administration

JAN 28 2026

- An evaluation of how the proposed changes to Measure ULA would affect existing and in-progress ULA-funded programs and the current project pipeline, including projects awarded funding, under contract, or in active development.
- An assessment of any transitional impacts on programs currently operating under existing Measure ULA funding and identify potential mitigation strategies to avoid service disruptions should the amendments be implemented.

Tenant and Household Outcomes

- An analysis of how the proposed Measure ULA amendments or exemptions would impact the number of:
 - tenants receiving emergency rental assistance;
 - seniors and persons with disabilities receiving income support;
 - tenants provided eviction settlement funds;
 - tenants provided legal representation;
 - tenants receiving education on housing-related matters.

I FURTHER MOVE that the City Council instruct the LAHD to report on the impacts of the following proposed changes on Measure ULA revenues, programs, and tenants served:

- Exempting multifamily (defined as any property containing 4 or more dwelling units), commercial, or mixed use properties that received their first Certificate of Occupancy within the last 15 years.
- Exempting single-family housing properties destroyed by a disaster within the previous 3 years that resulted in a declared local emergency.

The Federal Emergency Management Agency's (FEMA) mission is to support United States citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from and mitigate all hazards. In order to meet FEMA's mission, grant programs are offered to first responder agencies, such as the Staffing for Adequate Fire and Emergency Response Grants (SAFER).

SAFER was created to provide funding directly to fire departments to help them increase or maintain the number of trained "front line" firefighters available in their communities. The goal of SAFER is to enhance the local fire departments' abilities to comply with staffing, response and operational standards established by the National Fire Protection Association (NFPA). The SAFER Grants are offered to support projects to hire new, additional firefighters to improve staffing levels.

The objective of the SAFER grant program is to assist local fire departments with staffing and deployment capabilities in order to respond to emergencies, and assure that communities have adequate protection from fire and fire-related hazards. Ultimately, SAFER recipients should achieve more efficient responses, thereby ensuring communities have improved protection from fire and fire-related hazards.

On September 24, 2025, the LAFD was notified that its application for the Fiscal Year 2024 SAFER grant was approved in the amount of \$6,817,969 (\$3,949,774 for salaries and \$2,868,195 for benefits) for the three-year performance period of March 23, 2026 through March 22, 2029. This grant will enable LAFD to staff a new resource, Engine 200, at Fire Station 100 (West Van Nuys/Lake Balboa area), a critical need identified in standards of cover assessments. This grant has a cost share requirement of 25% for the First and Second year, and 65% for the Third Year. The federal share for the three-year period is \$4,204,414 with the City match total of \$2,613,555. The City is also responsible for any costs that exceed grant funding.

With implementation beginning in the current fiscal year for partial coverage of a recruit class commencing in June 2026, salary expenditures of \$206,524 are anticipated which are subject to reimbursement. LAFD will address these requirements by the Year-End Financial Status Report.

The grant has an acceptance deadline of January 31, 2026 by FEMA. LAFD was unable to bring the matter forward earlier due to pending litigation with DHS/FEMA grants which included SAFER.

I THEREFORE MOVE that the Council, subject to approval of the Mayor, authorize the Fire Chief, or his designee, to take all necessary actions to accept the 2024 SAFER grant and instruct the Fire Department to report back with implementation details.

The Skatepark Project, a nonprofit organization, was founded by Tony Hawk in 2002 and is dedicated to increasing access to outdoor recreation and free play in underserved communities by creating safe and inclusive skateparks. The Skatepark Project has helped build nearly 700 skateparks across all 50 states, has provided thousands of kids with skating equipment, and has facilitated local contests in which kids have participated. The Skatepark Project would like to work with the City to develop temporary improvements at the West Los Angeles Municipal Complex (Complex) that would allow for skating to safely take place at this site.

Although the Complex is slated for redevelopment, the Bureau of Engineering would work with the Skatepark Project to deliver these temporary improvements in the interim. These proposed improvements include: four skate obstacles, handrails, ledges, wedge spine, signage, and replicated courthouse monuments. The Skatepark Project will oversee the design/building of these improvements and will work with professional builders to develop the improvements. Additionally, the Skateboard Project will pay for any costs associated with the proposed improvements.

The value of the donation is approximately \$70,000. Action is needed to accept this donation and to authorize the donor to perform the work.

I THEREFORE MOVE that Council accept the donation by the Skatepark Project of labor, material and equipment for four skate obstacles, handrails, ledges, wedge spine, signage, and replicated courthouse monuments at the West Los Angeles Municipal Complex, with an estimated value of \$70,000, and to thank the donor on behalf of the City.

I FURTHER MOVE that the Skatepark Project be authorized to perform the improvements described above, and that the City Attorney be requested, with the assistance of the Bureau of Engineering and the General Services Department, to negotiate the necessary agreement(s) with the Skatepark Project relative to this donation.

I FURTHER MOVE that the General Services Department be directed to grant reasonable access to the Skatepark Project to enter the West Los Angeles Municipal Complex to perform the work.
