ARTS, PARKS, LIBRARIES, AND COMMUNITY ENRICHMENT COMMITTEE REPORT relative to maintenance responsibilities, leasing portfolio and practices, and management strategies to improve long-term sustainability for City-owned properties at El Pueblo de Los Angeles Historical Monument (El Pueblo).

Recommendations for Council action:

1. INSTRUCT the El Pueblo de Los Angeles Historical Monument Authority Department (El Pueblo Department) to incorporate the capital improvement and infrastructure rehabilitation needs identified for historic buildings and vacant commercial units into its Fiscal Year (FY) 2027-28 budget submission as a Municipal Improvement Corporation of Los Angeles (MICLA) financing program request, or identify an eligible funding source.
2. INSTRUCT the El Pueblo Department to report bi-annually on the status of rental arrears, efforts made to close the gap in arrears, and anticipated next steps.
3. INSTRUCT the Department on Disability, in coordination with the General Services Department (GSD), to report on the three units identified as non-Americans with Disabilities Act (non-ADA) compliant, including a breakdown of the improvements needed, estimated costs, and potential funding sources.
4. INSTRUCT the El Pueblo Department to develop a marketing and leasing plan to increase occupancy of vacant and underutilized commercial units. The marketing plan should include a defined pathway from short-term to long-term tenancy, financial vetting and rent payment safeguards for prospective

tenants, clear rent collection terms built into new leases from the outset, and a clear timeline for activating vacant historic buildings.

5. INSTRUCT the El Pueblo Department to report on the feasibility of issuing a Request for Proposals/Qualifications seeking private partners to operate El Pueblo via a public-private partnership with the City of Los Angeles. The report should include a roadmap for implementing such a structural change and safeguards to ensure vendors are not displaced should a public-private partnership be established.
6. INSTRUCT the El Pueblo Department, in collaboration with the City Attorney's Office, City Administrative Officer (CAO), and the Office of Finance, to report on the feasibility of freezing Consumer Price Index (CPI) increases through FY 2028-2029, forgiving eligible late fees and interest to vendors with rental arrears, and/or providing 50 percent conditional forgiveness of eligible existing rent arrears.

Fiscal Impact Statement: None submitted by the GSD or El Pueblo Department. Neither the CAO nor the Chief Legislative Analyst has completed a financial analysis of this report.

Community Impact Statement: None submitted

CIVIL RIGHTS, EQUITY, IMMIGRATION, AGING, AND DISABILITY COMMITTEE REPORT relative to staffing resources to support opioid remediation programs.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE resolution authority for one Management Analyst, Class Code 9184-0, in the Department on Disability (DOD), for the period August 1, 2026 through June 30, 2027, to support contract administration of opioid remediation programs, subject to allocation by the Board of Civil Service Commissioners.

2. AUTHORIZE the Controller to appropriate \$167,913 from the Opioids Settlement Trust Fund No. 66E/10 from Account No. 10W719, Abatement Fund, to Account No. 10E165, Disability, within the same fund to support direct costs associated with contract administration and accounting operations for opioid remediation programs within the DOD.
3. INCREASE appropriations by \$167,913 within Fund No. 100/65, DOD, as follows:
 - a. Account No. 001010, Account Name: Salaries General, Amount: \$119,913
 - b. Account No. 001070, Account Name: Salaries, As-Needed, Amount: \$48,000
4. AUTHORIZE the Controller to appropriate \$384,656 from the Opioids Settlement Trust Fund No. 66E/10 from Account No. 10W719, Abatement Fund, to Account No. 10E299, Reimbursement of General Fund Costs, within the same fund for the reimbursement of related costs, to be reimbursed on an invoice basis by the City Administrative Officer (CAO).
5. INSTRUCT the DOD to:
 - a. Separately track all encumbrances and expenditures of Opioids Settlement Trust Fund monies so that unspent funds can be returned to the Opioids Settlement Trust Fund at the end of the fiscal year.
 - b. Submit quarterly reports to the CAO listing labor expenditures, non-labor expenditures, and encumbrances, with an accounting of the Opioids Settlement Trust Fund monies provided.
6. AUTHORIZE the CAO to make technical corrections as necessary to implement the above instructions.

Fiscal Impact Statement: The CAO reports that approval of the report will have no impact on the General Fund as sufficient funds are available within the Opioids Settlement Trust Fund No. 66E to pay for the proposed staffing recommended in this report for a total of \$552,569 (\$167,913 direct and \$384,656 indirect). The recommendations in the report will increase the DOD's 2026-27 operating budget by \$167,913 and are anticipated to reimburse the General Fund for related costs of up to \$384,656. Should California Department of Health Care Services (DHCS) subsequently determine that any portion of the City's related costs are ineligible for reimbursement, the General Fund will be required to absorb these costs.

Financial Policies Statement: The CAO reports that the recommendations in the August 6, 2026 report comply with the City's Financial Policies.

Community Impact Statement: None submitted

(Personnel and Hiring Committee waived consideration of the above matter.)

CIVIL RIGHTS, EQUITY, IMMIGRATION, AGING, AND DISABILITY REPORT relative to instructing the Community Investment Department (CID) to prepare and submit an application for the Extreme Heat and Community Resilience Grant Program, or any successor funding opportunity, to seek grant funding for the creation of an Indoor Heat Safety Fund.

Recommendations for Council action, pursuant to Motion (Lee – Padilla):

1. INSTRUCT the CID, in coordination with the Los Angeles Housing Department (LAHD), Climate Emergency Mobilization Office, and the City Administrative Officer (CAO), to prepare and submit an application for the upcoming round of funding of the Extreme Heat and Community Resilience Grant Program, or any successor funding opportunity, to seek grant funding for the creation of an Indoor Heat Safety Fund.
2. INSTRUCT the CID, in coordination with LAHD, if awarded grant funding, to establish and administer the Indoor Heat Safety Fund to purchase and distribute eligible cooling apparatus, including portable air conditioning units and other qualifying cooling devices, to income-qualified tenants residing in rental units without existing air conditioning located within the communities of Porter Ranch, Granada Hills, Northridge, Chatsworth, North Hills, Canoga Park, Reseda, Winnetka, West Hills, Van Nuys, and Lake Balboa.
3. INSTRUCT the CID to prioritize assistance to households containing seniors, individuals with disabilities, households with young children, medically vulnerable residents, and other populations identified as being at elevated risk of heat-related illness during extreme heat events.
4. INSTRUCT the CID to report to Council back within 30 days with a proposed program eligibility criteria, implementation timeline, estimated number of households that could be served, any matching fund requirements, and recommendations for administering the Indoor Heat Safety Fund should grant funding be awarded.

PUBLIC SAFETY COMMITTEE REPORT relative to the acceptance of the California Governor's Office of Emergency Services (Cal OES) Urban Search and Rescue (US&R) Response Training and/or Mobilization Exercise (Mobex) Agreement.

Recommendation for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

ADOPT the recommendations contained in the City Administrative Officer (CAO) report dated June 29, 2026; and, the recommendations contained in the Board of Fire Commissioners report dated July 7, 2026, attached to the Council file.

(Budget and Finance Committee report to be submitted in Council. If public hearing is not held in Committee, an opportunity for public comment will be provided.)

(Please visit www.lacouncilfile.com for background documents.)

Fiscal Impact Statement: The CAO reports that approval of the recommendations in said CAO report will allow for the acceptance of \$77,250 in US&R staff training funding through an agreement with the Cal OES. Funding from the Cal OES will be provided on a reimbursement basis with front-funding provided by the Los Angeles Fire Department (LAFD). There is no fiscal impact to the General

Fund. The Board of Fire Commissioners reports that there is no impact on the General Fund in Fiscal Year 2025-26. The LAFD will cover the expenditures up to \$324,450 through the LAFD General Fund No. 100/38, Account No. 006020 (Operating Supplies), Account No. 001012 (Salaries Sworn), Account No. 001098 (Variable Staffing), and Account No. 001090 (Overtime General). Cal OES will reimburse the LAFD a total up to \$324,450 (100 percent).

Financial Policies Statement: The CAO reports that the recommendations provided in said CAO report are in compliance with the City's Financial Policies, in that all grant funds will be utilized to fund grant activities.

COMMUNICATION FROM THE BOARD OF HARBOR COMMISSIONERS (BOHC) relative to approving the Fourteenth Amendment to Permit No. 692 with Yusen Terminals, LLC, and approving Guarantees from ~~Ocean Network Express Holdings, LTD~~ and Ocean Network Express PTE, LTD.

Recommendations for Council action:

1. ADOPT in accordance with the provisions of the California Environmental Quality Act (CEQA) Guidelines Section 15164, the Fourteenth Amendment to Permit No. 692 will not result in any new significant environmental effects or substantially more severe effects than previously analyzed in the adopted Final Environmental Impact Report for the Berths 212-224 [YTI]

Container Terminal Improvements Project.

2. APPROVE Port of Los Angeles Resolution No. 23-10190 authorizing proposed approval of the Fourteenth Amendment to Permit No. 692, and authorizing proposed approval of the Guarantees furnished by ~~Ocean Network Express Holdings, LTD and~~ Ocean Network Express PTE, LTD.

Fiscal Impact Statement: The City Administrative Officer reports that there is no impact on the City's General Fund. Under the first five years of the 31-year term extension from October 1, 2026 to September 30, 2031, the Harbor Department expects to receive a guaranteed rent of \$224.2 million. Subsequently, the guaranteed rent will be subject to a rate reset every five years, which will establish a new minimum rent at the current market rates. Revenues will be deposited in the Harbor Revenue Fund.

Financial Policies Statement: The City Administrative Officer reports that the recommendations in its report and proposed actions comply with the Harbor Department's Financial Policies.

RESOLUTION

WHEREAS, California Vehicle Code Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, vehicles that are six feet or more in height, on identified City streets during certain hours; and

WHEREAS, there is an increased problem with oversized vehicles that park during all hours of the day and night on numerous street segments that obstruct visibility, constrict travel lanes, and block the safe exit and entrance to driveways, thereby creating hazardous conditions for local residents;

WHEREAS, California Vehicle Code Section 22507 requires that with the exception of parking restrictions in alleys, a resolution that restricts the parking of vehicles, including but not limited to six feet or more in height, during all or certain hours of the day, will only apply in areas in which signs are posted giving notice of restrictions;

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to California Vehicle Code Section 22507, hereby prohibits the parking of vehicles that are in excess of 22 feet in length or over 84 inches in height, during all hours of the day, on both sides of the following street segments:

- Both sides of West 62nd Street between Harvard Boulevard and South Halldale Avenue.
- Both sides of Harvard Boulevard between 61st Street and West 62nd Street.
- Both sides of West 61st Street between Harvard Boulevard and South Halldale Avenue.
- Both sides of South Halldale Avenue between 61st Street and 62nd Street.
- Both sides of South Hoover Street between 70th Street and 71st Street.
- ~~North side~~ **Both sides** of West 71st Street between South Hoover Street and South Menlo Avenue.
- ~~South side~~ **Both sides** of West 70th Street between South Hoover Street and South Menlo Avenue.
- ~~East side~~ **Both sides** of South Menlo Avenue between West 71st Street and West 70th Street.
- Both sides of South Western Avenue between West 39th ~~Place~~ **Street** and ~~Browning Boulevard~~ **Martin Luther King Jr. Boulevard.**
- **Both sides of West 39th Street between South Western Avenue and Harvard Boulevard.**

MOTION

In September 2009, the City Council adopted an ordinance establishing a Special Event Permit Procedure (Ordinance No. 180881) including a process to grant limited subsidy requests. The Ordinance provides the framework to effectively ensure that City fees and charges, including salary costs, for special events are accurately determined and recovered. The Ordinance also provides for a mechanism to ensure that limited City funds and resources are available to support special events serving a public purpose.

The Ordinance also requires the Chief Legislative Analyst (CLA) to prepare and submit an annual Citywide List of Special Events for Council's review and approval. A citywide special event is an event of interest to a significant number of City residents from three or more Council Districts. The fee subsidy allows an event sponsor to request a reimbursement of up to 50% of the city costs associated with the event. Event sponsors must show proof of nonprofit or charitable status (IRS Determination Letter) and have an annual operating budget of less than \$5 million. Subsidies may be provided only for non-commercial special events that promote a public purpose and public benefit. Requests for special event fee subsidies are referred to the CLA for review and recommendation. The Bureau of Street Services administers an on-line permit application center to coordinate the permitting process.

The attached revised List of Citywide Special Events has been prepared by the CLA with the assistance and cooperation of Council District offices. Funds have been made available in the Citywide Special Event account, administered by the City Clerk, in support of subsidy requests.

I THEREFORE MOVE that Council adopt the List of Citywide Special Events, attached to the file prepared by the Office of Chief Legislative Analyst, in conformance with the City's Special Event Permit Procedure (Ordinance No. 180881).

MOTION

I MOVE that \$1,396,855 from the AB1290 Fund No. 53P, Account No. 281215 (CD 15 Redevelopment Projects – Services) be transferred / appropriated to the Board of Public Works Fund No. 100-74, Account No. 3040 (Contractual Services) for additional beautification services in Council District 15, currently being provided by the Coalition for Responsible Community Development under City Contract C-146157.

I FURTHER MOVE that the Board of Public Works (Office of Community Beautification) be instructed and authorized to prepare, process and execute the necessary documents with and/or payments to the Coalition for Responsible Community Development, utilizing the above amount, for the above purpose, subject to the approval of the City Attorney as to form.

I FURTHER MOVE that the Department of Public Works be authorized to make any corrections, clarifications, or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means.

TO CITY CLERK FOR PLACEMENT ON NEXT
COUNCIL AGENDA TO BE POSTED

#35

WHEREAS, §41.18 of the Municipal Code provides that the Council by Resolution may designate specified areas for enforcement against sitting, lying, sleeping, or storing, using, maintaining, or placing personal property, or otherwise obstructing the public right-of-way, in order for a person to be found in violation of any of these prohibited behaviors; and

WHEREAS, the below listed locations are experiencing a need for enforcement against the above listed prohibitions; and

WHEREAS, the Council hereby finds that the public health, safety, or welfare is served by the prohibition, and further finds that sleeping or lodging within the stated proximity to the designated area(s) is unhealthy, unsafe, or incompatible with safe passage; and

WHEREAS, the Office of Council District 10 has submitted / posted to the File relevant documentation, as further detailed in the Code, that the circumstances at this location poses a particular and ongoing threat to public health or safety;

NOW, THEREFORE, BE IT RESOLVED, pursuant to §41.18 (c)(4) of the Los Angeles Municipal Code that the Council hereby designates the following location for enforcement against sitting, lying, sleeping, or storing, using, maintaining, or placing personal property, or otherwise obstructing the public right-of-way, up to the maximum distance and effective for the maximum period of time prescribed, and as further detailed in the Code;

1. 3773 Crenshaw Blvd. Los Angeles, CA 90016 – Public Safety

BE IT FURTHER RESOLVED that the City Department(s) with jurisdiction over the identified locations are hereby directed and authorized to post appropriate notices of the above prohibitions at this location, and to begin enforcement upon the expiration of any required posting period.

PUBLIC WORKS

Located on Hyperion Avenue in Silver Lake, Casita Del Campo is a local, family owned restaurant and community landmark. The all pink restaurant was opened in 1962 by Rudy Del Campo, a Broadway dancer featured in *West Side Story*. After leaving the entertainment industry, Rudy dedicated himself to creating a community oriented space with fine Mexican food, loyal clientele, and friendly service. Over 64 years later, the Del Campo family have continued Rudy's dedication to the spirit of family, connection, celebration, and community within their restaurant's walls.

Casita Del Campo has long been an important, inclusive gathering place for artists, immigrants, musicians, actors, and families throughout Silver Lake and broader Los Angeles. Founded during a time when many spaces were not safe for the LGBTQ+ Community, the restaurant opened its doors to all, becoming known in the community as a haven for expression, performance, acceptance, and joy. The iconic Cavern Club Cabaret at Casita Del Campo continues on this tradition and is a treasured theatrical venue for local artists and everything from Latin Jazz, to Comedy, to Cabaret and Drag shows.

With delicious food and drinks, Casita Del Campo is a destination beloved by locals and visitors alike. Furthermore, the Del Campo Family's remarkable work and dedication to this iconic restaurant exemplifies the best of what Los Angeles has to offer.

I THEREFORE MOVE that the intersection at Hyperion Avenue and Udell Court be named as "Del Campo Square" and that the Department of Transportation be directed to erect permanent ceremonial sign(s) to this effect at this location.

TRANSPORTATION

WHEREAS, California Vehicle Code Section 22507 authorizes cities to restrict the parking of vehicles, including but not limited to, vehicles that are six feet or more in height, on identified City streets during certain hours; and

WHEREAS, street segments in Council District 15 are experiencing an increased problem with vehicles parking during all hours of the night, blocking visibility, constricting travel lanes, thereby creating a dangerous situation; and

WHEREAS, California Vehicle Code Section 22507 requires that with the exception of parking restrictions in alleys, a resolution that restricts the parking of vehicles, including but not limited to six feet or more in height, during all or certain hours of the day, will only apply in areas in which signs are posted giving notice of restrictions;

NOW, THEREFORE BE IT RESOLVED, that the City Council, pursuant to the California Vehicle Code Section 22507, hereby prohibits the parking of vehicles that are in excess of 22 feet in length or over 84 inches in height, during all hours of the day and night, on both sides of the following streets:

- West 189th Street between the dead end to Figueroa Street
- Patrice Place between the dead end to Figueroa Street
- Hamilton Avenue between Knox Street and Del Amo Boulevard
- Normandie Avenue between 212th Street and Torrance Boulevard

BE IT FURTHER RESOLVED that upon the adoption of this Resolution, the Department of Transportation be directed to post signs giving notice of the above restrictions for oversized vehicles; and

BE IT FURTHER RESOLVED that the Department of Transportation be authorized to make technical corrections or clarifications to the above instructions in order to effectuate the intent of this Resolution.

The Alliance for Community Empowerment (ACE) a 501c3 located in the Third Council District and has identified property at 7033 Owensmouth Ave., in Canoga Park, to convert into housing to serve transitional age youth (TAY) females between the ages of 18 - 24 experiencing homelessness. ACE has secured \$3.86 million of State appropriations to support the rehabilitation and operation of the site to serve TAY experiencing homelessness.

ACE is seeking to leverage the State appropriations for services, furnishing, and other expenditures to support the programming of the site and the City should support this project and identify funding for the creation of approximately 20-24 beds serving young women experiencing homelessness in the City.

The City of Los Angeles, as the recipient of the State Homeless Housing Assistance and Prevention Program (HHAP) grant, has been allocated funding specifically to address homelessness for transitional age youth, and should explore the feasibility of assisting ACE in the acquisition of an interim housing site in Council District Three to serve TAY experiencing homelessness in the District and within the City of Los Angeles, and to further the City's goal of ending homelessness.

I THEREFORE MOVE to direct the City Administrative Officer (CAO) to identify up to \$4,000,000 in one-time HHAP TAY funds for the acquisition of 7033 Owensmouth Ave, Canoga Park for interim housing for transitional age youth.

I FURTHER MOVE to direct the Community Investment Department, with the assistance of the Chief Legislative Analyst, to evaluate the feasibility of including 7033 Owensmouth Ave, Canoga Park for the purpose of establishing an interim housing site for transitional age youth with CDBG funding for the acquisition and/or rehabilitation of the site.

I FURTHER MOVE to direct the CAO, with the assistance of the Bureau of Engineering and General Services Department, to report back in 30 days with recommendations on additional actions necessary to enable the acquisition, rehabilitation, and operation of an interim housing site for transitional age youth experiencing homelessness at 7033 Owensmouth Ave. Canoga Park.

RULES, ELECTIONS, INTERGOVERNMENTAL RELATIONS

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, AB 1740 (Zbur) seeks to facilitate certification of the City of Santa Monica's local coastal program so it can be the approver for Coastal Development Permits in its jurisdiction. Further, the bill makes changes to the Coastal Act to expedite the provision of safe, multimodal travel within urbanized areas of the coastal zone for the purpose of increasing public access to the coast for residents and visitors, limiting vehicle miles traveled, and reducing greenhouse gas emissions.; and

WHEREAS, specifically, the bill embraces smart climate strategies by incentivizing and supporting investments in transit, bike lanes and pedestrian transportation, rather than imposing unnecessary parking and road improvements. It does this by recognizing and empowering an urbanized, transit-rich community to have the ability to approve housing, bike and pedestrian improvements, outdoor dining and certain building renovations and certain other minor projects without the need for individual coastal development permits. The bill would only apply to areas in Santa Monica without protected coastal resources, such as wetlands, environmentally sensitive habitat areas or coastal bluffs; and

WHEREAS, AB 1740 (Zbur) has received unanimous support from both houses of the California State Legislature and has been enrolled and presented the Governor; and

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025 - 2026 State Legislative Program SUPPORT for AB 1740 (Zbur), which would ensure that by the adoption of the City of Santa Monica's local coastal program, they will be the approver of coastal development permits for their jurisdiction.

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must have first been adopted in the form of a Resolution by the City Council; and

WHEREAS, On June 17, 2026 a structure fire began at the 491,000 square foot Lineage Cold Storage Facility in Boyle Heights; and

WHEREAS, this facility, which contained an estimated 85 million pounds of frozen food, burned for eight days before it was finally extinguished; and

WHEREAS, the fire resulted in massive increases in airborne pollution levels in the Los Angeles region, and resulted in shelter-in-place orders for nearby residents; and

WHEREAS, additional harms to local residents were created by rotting food at the site, including an increase in pests such as flies and vermin, as well as terrible odors; and

WHEREAS, as cleanup was continuing, Lineage applied to rebuild their facility, despite ongoing concerns and health impacts to residents; and

WHEREAS, AB 817 (González) would address local concerns by requiring that Lineage and other cold storage operators establish a contingency fund for emergencies, prior to any building permits be issued; and

WHEREAS, AB 817 would also exclude any funds received as settlement for damages caused by the Lineage fire from taxes through 2032;

NOW, THEREFORE, BE IT RESOLVED, that by the adoption of this Resolution, the City of Los Angeles hereby includes in its 2025 - 2026 State Legislative Program SUPPORT for AB 817 (González), which would prohibit a city or county from approving a building permit for a cold storage facility unless the owner or operator of the facility establishes and maintains a contingency fund, and excludes from gross income settlement for claims relating to the 2026 Boyle Heights fire incident, as specified.

I MOVE that the City Council request the Chief Legislative Analyst (CLA) and City Attorney to immediately release any and all pending reports for Council File 24-0196. The reports should include the motion's request for policy options and code amendments to streamline matters related to the administration, enforcement, governance, implementation, and oversight of nuisance abatement proceedings as currently prescribed by the Los Angeles Municipal Code (LAMC) and the Los Angeles Administrative Code (LAAC). Additionally, this should include recommendations for:

- A process to issue nuisance abatement orders for property owners who are willing, but unable to perform work on nuisance properties;
- The feasibility of increasing fines, fees, or penalties related to failure to comply with a Notice to Comply (NTC); and
- The potential for changes in State law to better support enforcement of current and future nuisance abatement proceedings.

Running is a simple, affordable and effective form of exercise that provides many physical, mental, and social health benefits. Regular running can strengthen the heart and lungs, improve circulation, build stronger muscles and bones, and help maintain a healthy weight. It can also reduce the risk of chronic conditions such as heart disease, type 2 diabetes, and high blood pressure. Beyond physical health, running can improve mood, reduce stress and anxiety, and support better sleep. Running with others also provides opportunities to meet new people, build friendships, stay motivated, and develop a sense of community. Participating in a running club can make exercise more enjoyable and encourage people to stay consistent with their fitness goals while creating meaningful social connections.

Los Angeles has a diverse running club scene within the city limits, ranging from casual social groups to more structured training communities. DTLA Running is a welcoming, free club that meets in Downtown LA and offers different distances for beginners through experienced runners. BlacklistLA combines running with exploration of Los Angeles street art, hosting free weekly art runs, track workouts, and long runs throughout the city. Boyle Heights Bridge Runners meets at Mariachi Plaza and is known for its community focused atmosphere and short, accessible routes across the Sixth Street Bridge. Little Tokyo Run Club offers a friendly introduction to running around Little Tokyo and the Arts District, while Koreatown Run Club is a large, energetic community with multiple weekly runs and different pace groups. Together, these clubs provide opportunities to exercise, meet people, explore different neighborhoods, and become part of LA's local running community.

Los Angeles should celebrate running as a way to bring people together and showcase the city's diverse communities. With running clubs spread across neighborhoods throughout the city, people of different ages, backgrounds, cultures, and fitness levels have opportunities to connect through a shared passion for running. The city needs to celebrate these groups by supporting community runs, highlighting local clubs at public events, and providing safe, accessible spaces for runners. Recognizing the unique identities and contributions of these clubs would not only encourage healthier lifestyles but also strengthen community connections and celebrate the diversity that makes Los Angeles such a vibrant city.

I THEREFORE MOVE that Council REQUEST the Department of Recreation and Parks to report on a process that creates a citywide running club that showcases the diverse open spaces throughout the City and creates a place for individuals and the diverse running clubs around the city to come together.

PLANNING & LAND USE MANAGEMENT

Public nuisance properties, including vacant, abandoned, deteriorating, and unsecured buildings and lots, continue to pose significant public safety, health, and quality-of-life concerns for communities throughout the City of Los Angeles. These properties can become magnets for illegal dumping, vandalism, trespassing, squatting, fires, and other criminal activity, while also contributing to blight and undermining the safety and vitality of surrounding neighborhoods.

According to the Department of Building and Safety (LADBS), there are more than 100 priority vacant nuisance buildings across the City. In a letter to all members of the Los Angeles City Council, Mayor Karen Bass called for the restoration of \$2 million in funding to clean and secure priority nuisance properties throughout Los Angeles. The Mayor noted that these sites are often blighted or abandoned and can pose serious public safety risks to nearby residents and families. The Mayor also directed LADBS to identify additional properties with trash, debris, dilapidated structures, and inactive construction that may require City intervention.

While individual nuisance properties can and should be addressed through the existing enforcement and abatement process, addressing these sites one at a time is often a lengthy and resource-intensive process that can leave surrounding residents waiting for months or years for meaningful action.

Recognizing the need for dedicated resources to address this issue, CF: No. 26-0600-S3, (Nazarian-Lee) was introduced and sought to restore funding for the demolition and repair of vacant buildings and the abatement of nuisance lots. The item is currently pending in the Budget & Finance Committee. The City should build upon existing enforcement and abatement tools and establish a coordinated process for identifying, prioritizing, and addressing properties that pose the greatest risks to surrounding communities.

A citywide effort should prioritize properties based on public safety risk, the severity and duration of nuisance conditions, proximity to homes, schools, and other sensitive uses, and the property's impact on surrounding neighborhoods. Such an effort should also ensure that property owners who fail to maintain their properties are held accountable and that the City seeks to recover eligible costs whenever legally permissible.

I THEREFORE MOVE that the City Council instruct the Department of Building and Safety (LADBS), in coordination with the Department of Public Works, Fire Department, Police Department, Housing Department, City Attorney and the Mayor's Office, to develop and report within 30 days on a Citywide Vacant and Public Nuisance Property Abatement Program to identify, prioritize, secure, clean, repair, demolish, or otherwise abate vacant and nuisance properties that pose significant threats to public safety and quality of life.

I FURTHER MOVE that the City Council instruct LADBS, to report within 30 days on the number, location, and status of priority vacant and public nuisance properties citywide, including properties that are vacant, unsecured, abandoned, fire-damaged, substantially deteriorated, littered with trash or debris, or associated with inactive construction, and establish criteria for

prioritizing properties based on public safety risk, duration of nuisance conditions, surrounding community impacts, and other appropriate factors. Data should be sorted by Council Districts, and the report should contain protocols and timelines of opening a vacant building abatement case and the steps that follow.

I FURTHER MOVE that the City Council instruct LADBS to report within 30 days on the enforcement and abatement actions available for identified priority properties, including the status of any proceedings before the Board of Building and Safety Commissioners, opportunities to expedite cases presenting significant or ongoing risks to surrounding communities, and recommendations to strengthen coordination among LADBS, the Board, the City Attorney, the Mayor's Office, and Council District Offices;

I FURTHER MOVE that the City Council instruct LADBS, with assistance from the City Administrative Officer, to identify within 30 days available and potential funding sources, including the Demolition and Repair Fund and the funding contemplated in Council File No. 26-0600-S3, to support the cleanup, securing, repair, demolition, and abatement of priority nuisance properties, and report on available mechanisms to recover eligible costs from responsible property owners, including liens, penalties, and other legally available enforcement tools; and that LADBS report on recommendations for establishing an ongoing, citywide process to proactively identify and address priority vacant and nuisance properties before nuisance conditions become prolonged public safety hazards.

The Reynier Village community is a part of a distinguished group of residential neighborhoods within the westside of the City of Los Angeles. The Reynier Village neighborhood was known as Reynier Park in the 1920s and 1930s, although the actual city park was not established until the late 1970s. According to locals, the subdivision was named after a family whose home stood on what is now the city-maintained Reynier Park at 2803 Reynier Avenue.

In 1923, the area's co-owners, Citizens Trust & Savings Bank and Title Insurance & Trust Co., filed to subdivide it into a neighborhood of single-family homes. Soon thereafter, the Reynier Park Improvement Association was created and then affiliated with five other neighborhood groups in 1927. Within Reynier Village, Spanish Revival-style stucco bungalows predominate. Most were built in the late 1920s or 1930s and have two or three bedrooms. They intermingle with an eclectic assortment of pitch-roofed cottages and tract houses; many painted in rainbow hues or earth tones.

Identifying existing unique and distinct communities within in the City of Los Angeles fosters community pride and a sense of community empowerment. The South Robertson Neighborhood Council supports this local effort for the installation of signs identifying the Reynier Village community.

I THEREFORE MOVE that all relevant City departments be instructed to perform the necessary requirements to effectuate the naming of the Reynier Village community bounded by Holt Avenue on the east, Cadillac Avenue on the north, Robertson Boulevard on the west and by Cattaraugus Avenue on the south including, but not limited to, the installation of signs.

Systems like *TAP-to-Exit* are a common and proven practice throughout major public transit systems around the world, including systems in Washington D.C., The Bay Area Rapid Transit (BART), The Washington Metropolitan Area Transit Authority (WMATA), The Metropolitan-Atlanta Regional Transit Authority (MARTA), London, Tokyo, Singapore, Hong Kong, and many others. *TAP-to-Exit* has demonstrated effectiveness in improving safety, reducing unauthorized access, discouraging fare evasion, and promoting a cleaner and more secure transit environment for riders and employees.

The Los Angeles County Metropolitan Transportation Authority has reported substantial public safety improvements at the North Hollywood Station following the implementation and enforcement of *TAP-to-Exit* controls. Prior to enforcement, the station experienced a reported 67% increase in crime and nuisance activity. Since *TAP-to-Exit* enforcement began in late 2025, Metro has observed a sharp decline in criminal activity, encampments, graffiti, fighting, fare evasion, loitering, trespassing, and other quality-of-life issues impacting NoHo Station, riders of the B Line, employees, and surrounding communities.

Despite the demonstrated success of *TAP-to-Exit* enforcement, Metro has faced challenges expanding the program systemwide due to permitting and safety concerns related to station exit requirements. Numerous transit agencies throughout the United States and internationally have successfully implemented *TAP-to-Exit* infrastructure while complying with fire and life safety standards established by their respective fire authorities and building codes.

The City of Los Angeles must continue to prioritize public safety, transit reliability, and increased ridership across the Metro system. Riders are more likely to utilize public transportation when stations and trains are safe, orderly, clean, and well-maintained. *TAP-to-Exit* enforcement serves as an important operational tool that discourages misuse of transit facilities by non-riders and individuals engaging in criminal or nuisance behavior.

I THEREFORE MOVE that the City Council INSTRUCT the Los Angeles Fire Department (LAFD) to support Metro's authority and operational flexibility to install and enforce *TAP-to-Exit* infrastructure and policies across Metro rail and bus rapid transit stations within the City, as deemed necessary by Metro to enhance public safety, reduce crime, protect transit workers and passengers, and improve the overall rider experience.

I FURTHER MOVE that the City Council DIRECT the Los Angeles Fire Department (LAFD) to work collaboratively with Metro to develop, adopt, and promptly implement permitting and safety standards that would allow for the expansion of *TAP-to-Exit* infrastructure throughout the Metro system while ensuring compliance with fire and life safety requirements.

I FURTHER MOVE that the City Council INSTRUCT the Los Angeles Fire Department (LAFD) to evaluate and incorporate fire and life safety standards, best practices, and operational models successfully deployed by other major domestic and international transit agencies and fire departments with *TAP-to-Exit* systems.

BB SEP 04 2026

I FURTHER MOVE that the City Council INSTRUCT the Los Angeles Fire Department (LAFD), the Los Angeles Police Department (LAPD), and other relevant agencies to facilitate the timely installation and enforcement of *TAP-to-Exit* systems at stations identified as experiencing elevated crime, fare evasion, vandalism, trespassing, or persistent quality-of-life concerns.

I FURTHER MOVE that the City Council INSTRUCT the Los Angeles Police Department (LAPD) & Los Angeles Fire Department (LAFD) to report quarterly regarding the volume of service calls at Metro stations throughout the City to evaluate the effectiveness of the *TAP-to-Exit* program, ensuring continued progress in maintaining safe and accessible Metro stations.

The City of Los Angeles employs thousands of workers across dozens of departments with varying missions, operational needs, and organizational structures. While those differences may require departments to adopt policies and procedures tailored to their operations, personnel practices must also be consistent with the City Charter, Civil Service Rules, applicable labor obligations, and citywide personnel policies.

City departments currently use a variety of department-specific personnel policies, directives, orders, and procedures. For example, the Department of Public Works maintains Personnel Policies and Personnel Directives adopted by the Board of Public Works, while other departments, including the Los Angeles Police Department, maintain their own directives and procedures governing personnel matters. These varying practices raise questions about how department-specific personnel policies are developed and approved, and the extent to which they are reviewed to ensure consistency with citywide personnel standards.

The Personnel Department is responsible for administering the City's civil service system and plays a central role in developing and administering citywide personnel policies. The Department currently provides client services to over half of the City's departments and bureaus. This existing client-services model provides a foundation for ensuring that department-specific personnel practices are consistent with citywide requirements and presents an opportunity to establish a clearer and more consistent role for the Personnel Department in reviewing and overseeing personnel policies across all City departments.

I THEREFORE MOVE that the City Council direct the Personnel Department, with the assistance of the City Attorney, City Administrative Officer (CAO), and Chief Legislative Analyst (CLA), to report on:

1. The authority of City departments, bureaus, boards, commissions, and appointing authorities to establish department-specific personnel directives, policies, and procedures;
2. The process by which department-specific personnel directives and policies are developed, reviewed, approved, implemented, amended, and rescinded, including the respective roles of department management, governing boards or commissions, employee organizations, the Personnel Department, and the Civil Service Commission; and
3. The existing authority and responsibility of the Personnel Department and Civil Service Commission to review or oversee department-specific personnel directives and policies and to ensure consistency with the City Charter, Civil Service Rules, applicable labor obligations, and citywide personnel policies.

SEP 04 2026

I FURTHER MOVE that the City Council direct the Personnel Department, in coordination with the CAO and with the assistance of the City Attorney and CLA as needed, to report with recommendations for establishing consistent, updated, citywide personnel directives and policies and the process of review for department-issued personnel directives and policies. The report should include recommendations regarding appropriate Personnel Department oversight and identify the circumstances under which such matters should be transmitted to the City Council for consideration, including consideration in closed session when legally appropriate.
