RULES, ELECTIONS AND INTERGOVERNMENTAL RELATIONS COMMITTEE REPORT and RESOLUTION relative to establishing the City's position on the U.S. Forest Service's proposed rescission of the 2001 Roadless Area Conservation Rule (2001 Roadless Rule).

Recommendation for Council action, pursuant to Resolution (Lee – Park), SUBJECT TO THE CONCURRENCE OF THE MAYOR:

RESOLVE to include in the City's 2025-26 Federal Legislative Program OPPOSITION to the U.S. Forest Service proposed rule to rescind the 2001 Roadless Rule.

Fiscal Impact Statement: None submitted by the Chief Legislative Analyst. The City Administrative Officer has not completed a financial analysis of this report.

Community Impact Statement: None submitted

Summary:

On September 15, 2026, your Rules, Elections and Intergovernmental Relations Committee considered a September 2, 2026 Resolution (Lee – Park), relative to the U.S. Forest Service's proposed rescission of the 2001 Roadless Rule. According to the Resolution, a peer-reviewed 2026 study in Fire Ecology examined three decades of national forest wildfire records and found wildfire-ignition density was lowest in designated wilderness (1.75 fires per 1,000 hectares) and in inventoried roadless areas (1.97 fires per 1,000 hectares), and highest within 50 meters of roads (7.99 fires per 1,000 hectares), with ignition density declining steadily as distance from roads increases. The U.S. Forest Service reached this same conclusion in its own environmental impact statement for the 2001 Roadless Rule, finding that building roads into inventoried roadless areas would likely increase the chance of human-caused fires because of the increased presence of people. On August 18, 2026, the U.S. Department of Agriculture and the U.S. Forest Service published a proposed rule to rescind the 2001 Roadless Rule in its entirety, which for twenty-five years has prohibited road construction, road reconstruction, and commercial timber harvest across approximately 44.7 million acres of National Forest System lands. After consideration and having provided an opportunity for public comment, the Committee moved to recommend approval of the Resolution. This matter is now submitted to Council for its consideration.

Respectfully Submitted,

WHEREAS, the City Council understands that its actions in approving this Resolution do not obligate the City in any manner for payment of the principal, interest, fees or any other costs associated with the issuance of the Bonds or Refunding Bonds, and said City Council expressly conditions its approval of this Resolution on that understanding; and

It is the purpose and intent of the City Council that this Resolution shall constitute approval of (a) the issuance of the Bonds by the Issuer for the purposes of Section 147(f) of the Code by the applicable elected representative of the governmental unit having jurisdiction over the area in which the Project is located, and (b) the issuance of the Bonds and Refunding Bonds for the purposes of Section 4 of the Agreement.

Section 3. The officers of the City are hereby authorized and directed, jointly and severally, to do any and all things and execute and deliver any and all documents, certificates and other instruments which they deem necessary or advisable in order to carry out, give effect to and comply with the terms and intent of this Resolution and the financing transaction approved hereby. Any actions heretofore taken by such officers are hereby ratified and approved.

Section 4. The City Council expressly conditions its approval of this Resolution on its understanding that the City shall have no obligation whatsoever to pay any principal, interest, fees or any other costs associated with the Issuer's issuance of the Bonds or Refunding Bonds for the financing and/or refinancing of the Project.

Neither the faith and credit nor taxing power of the City, the State of California (the "State") or any political subdivision thereof, will be pledged to the payment of the principal or redemption premium, if any, or interest on the Bonds. The issuance of the Bonds will not directly, indirectly or contingently obligate the City, the State or any political subdivision thereof to levy or to pledge any form of taxation or to make any appropriation for their payment.

Section 5. The Bonds shall be a limited obligation of the Issuer, payable solely from certain revenues duly pledged therefor and generally representing amounts paid by the Borrower. The Bonds shall not constitute a debt or obligation of the City.

Section 6. The adoption of this Resolution shall not obligate the City or any department thereof to (i) provide any financing to acquire or take any action with respect to the Project; (ii) approve any application or request for or take any other action in connection with any planning approval, permit or other action necessary for the Project; (iii) make any contribution or advance any funds whatsoever to the Issuer; or (iv) take any further action with respect to the Issuer or its membership therein.

Section 7. This Resolution shall take effect from and after the date of its passage and adoption.

The City owns space at 1710 N. Cherokee Avenue in Hollywood, which is under the jurisdiction of the Department of Transportation. The space contains four ground level retail/office spaces. One of the spaces, "Suite C," has 845 rentable square feet. Recently, CIM Group, a real estate developer, has expressed interest in leasing Suite C for temporary occupancy as a construction office during the construction period of a housing development nearby on Hollywood Blvd.

I THEREFORE MOVE that the Department of General Services, with the assistance of the City Attorney and City Administrative Officer, to negotiate a lease agreement at market rate with CIM Group at the City owned retail/office space located at 1710 N Cherokee Ave, Suite C.

The City's Crisis and Incident Response through Community-led Engagement (CIRCLE) program is a full time unarmed response program that deploys trained teams to address calls for service related to unhoused individuals. The program which began as a pilot in January 2022 has grown throughout the City due to its highly successful model.

The current service provider for CIRCLE, Urban Alchemy, held a no cost lease for the City-owned retail suite B at the 1710 N Cherokee Ave parking structure that expired at the end of their contract on March 31st. Urban Alchemy will need a new lease agreement to continue to provide CIRCLE services. Suite A, which is also vacant in the same city owned retail space is slightly larger and could permit greater services to be provided by CIRCLE if extensive renovations are not required.

I THEREFORE MOVE the City Council direct the Department of General Services, with the assistance of the City Attorney and the City Administrative officer to negotiate a new no cost non-profit lease with service provider Urban Alchemy for the use of suite A of the City owned space located at 1710 N Cherokee Ave as part of the City's Crisis and Incident Response through Community-led Engagement (CIRCLE) program

In 2017, the voters of Los Angeles directed the City of Los Angeles to establish a legal pathway for commercial cannabis activity for both medical and adult use. The Department of Cannabis Regulation (DCR) issues licenses for commercial cannabis activity throughout the City which must be renewed annually. DCR's main renewal period is from September 1, 2026 to November 2, 2026, with a late renewal period through November 30, 2026.

On June 2, 2026, the Government Operations Committee considered a draft ordinance (Council File 25-1126) amending Los Angeles Municipal Code (LAMC) section 104.12(c) to require that cannabis licensees owe less than \$1,000,000 in City-owned business taxes, interest, and penalties, and be delinquent on City-owned business taxes, interest, and penalties for less than four years, in order to file a renewal application this year. During the same Government Operations meeting, the Committee also considered a proposed cannabis tax amnesty program (Council File 25-0600-S125) to allow the Office of Finance to waive penalties and interest on delinquent cannabis taxes and enter payment plan agreements as long as five years. At the time, it was expected that the tax threshold renewal requirement and the tax amnesty program would be implemented simultaneously during DCR's renewal period opening on September 1, 2026.

Ordinance No. 189000, amending LAMC section 104.12(c), took effect on August 26, 2026. It has since come to light, however, that implementation of the tax amnesty program will be delayed until at least spring 2027. DCR anticipates that approximately 125 licensees are not eligible for renewal under the new tax threshold requirement in Los Angeles Municipal Code section 104.12(c)(1). Many, if not all, of these licensees were relying on the tax amnesty program to come into good standing on their delinquent taxes in order to renew their cannabis licenses. It would be unfair to deny the renewal of licensees under LAMC section 104.12(c), notwithstanding that this ordinance just took effect, given this last minute change in circumstances.

I THEREFORE MOVE that the City Council instruct the Department of Cannabis Regulation to renew licenses for licensees that would have been eligible to participate in the City's Cannabis Tax Amnesty Program for calendar year 2027, submit timely and complete applications, and pay all renewal fees regardless of their current tax delinquency status.

The City of Los Angeles relies on its civil service system to recruit and hire qualified employees to provide essential services to Angelenos. While significant attention has been given to the time required to develop and administer civil service examinations, the hiring process does not end when a candidate passes an exam and is placed on an eligible list.

After an eligible list is established, candidates must still move through several steps before an appointment is made, including certification to hiring departments, departmental selection processes, and other pre-employment requirements. The City should better understand how effectively eligible lists are resulting in actual hires and where delays or barriers may exist after the examination process is complete.

The City invests significant time and resources in recruiting applicants, administering examinations, and establishing eligible lists. Evaluating the process from eligible list to appointment can help identify opportunities to reduce hiring delays, improve the number of successful candidates who become City employees, and fill vacancies more efficiently while maintaining the merit-based principles of the civil service system.

I THEREFORE MOVE that the Council DIRECT the Personnel Department to report on the conversion of civil service eligible lists into appointments for non-sworn classifications, including the average duration of eligible lists; the number of candidates placed on eligible lists, certified to departments, and ultimately appointed; hard-to-fill classifications for which departments have recurring or continuous hiring needs, including opportunities to increase the pool of qualified candidates for these positions; and the primary reasons candidates do not receive appointments; and to provide recommendations to improve the City's exam-to-hire conversion rate, reduce the time between establishment of an eligible list and appointment, and identify any administrative, technological, or Civil Service Rule changes necessary to streamline the process.

The Los Angeles Fire Department (LAFD) requires an urgent transfer of funds to address a shortfall in the sworn overtime salary account. The overspending is attributed to various needs including, but not limited to, out-of-City wildfire deployments and pre-position activity (cost recovered), member recalls, and fire prevention safety watch at special events (cost recovered).

Thus far there have been 17 deployments in July and August 2026 through another severe brush season in the Western states. These incidents are reimbursable by CalOES, CalFire and other responsible agencies. The use of recalls is an emergency staffing measure to mitigate resource closures throughout the 106 fire stations. Recalls have been pivotal in filling station posts through current staffing shortages in the Department. Fire safety watch is a critical element for public gatherings and is reimbursed by event organizers. At the rate of current expenditures, the Sworn Overtime account is poised to be depleted as early as the September 2, 2026 payroll date. This is well in advance of the First Financial Status Report which is not expected to reach City Council until early November 2026.

I THEREFORE MOVE that, subject to the approval of the Mayor, the Controller transfer \$20 million from within Fund 100/38, Fire Department, including \$10 million from Account 001012, Salaries Sworn, and \$10 million from Account 1093, Overtime Constant Staffing, to Account 001092, Overtime Sworn to cover a projected deficit in this account.

I FURTHER MOVE that the Council authorize and instruct the CAO and Controller to take any necessary actions and make any technical corrections to the above instructions in order to effectuate the intent of this motion.
