For Telecommunication Relay Services for the hearing impaired, please see the information below.

Telecommunication Relay Services

Telephone communication is one of the most important forms of communication in society today. Due to advancements in technology, telephone devices have evolved with new services and capabilities. Individuals who are deaf and hard of hearing, and individuals with a speech disability are following these trends and are rapidly migrating to more advanced telecommunications methods, both for peer-to-peer and third-party telecommunications relay service (TRS) communications. Telecommunications Relay Service is a telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls. TRS is available in all 50 states, the District of Columbia, Puerto Rico and the U.S. territories for local and/or long distance calls. TRS providers - generally telephone companies - are compensated for the costs of providing TRS from either a state or a federal fund. There is no cost to the TRS user.

What forms of TRS are available? There are several forms of TRS, depending on the particular needs of the user and the equipment available: TRS includes: Text to Voice TTY-Based TRS; Speech-to-Speech Relay Service; Shared Non-English Language Relay Service; Captioned Telephone Relay Service; Internet Protocol Relay Service; and Video Relay Service. Please visit this site for detail descriptions, <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

Don't hang up! Some people hang up on TRS calls because they think the CA is a telemarketer. If you hear, "Hello. This is the relay service ..." when you pick up the phone, please don't hang up! You are about to talk, through a TRS provider, to a person who is deaf, hard-of-hearing, or has a speech disability.

For more information about FCC programs to promote access to telecommunications services for people with disabilities, visit the FCC's Disability Rights Office website.

BASIC CITY COUNCIL MEETING RULES

AGENDAS - The City Council meets Tuesday, Wednesday and Friday at 10:00 A.M. The agendas for City Council meetings contain a brief general description of those items to be considered at the meetings. Council Agendas are available in the Office of the City Clerk, Council and Public Services Division, Room 395, City Hall, 200 North Spring Street, Los Angeles, CA 90012, and on the City's website at lacity.gov or lacouncilcalendar.com.

Ten (10) members of the Council constitute a quorum for the transaction of business. The Council may consider an item not listed on the agenda only if it is determined by a two-thirds (10) vote that the need for action arose after the posting of an Agenda. Some items on the agenda may be approved without any discussion, however, any item may be called "special" by a Councilmember. If an item is called "special" it will be "held" until the remainder of the items on the Council agenda have been acted on by the Council. An item may also be called "special" if a member of the public has requested to speak on the item and a public hearing was not previously held.

The City Clerk will announce the items to be considered by the Council, however items will be grouped. For example, all items for which required public hearings have not previously been held are listed in one section on the printed agenda. The Council President will ask if any Councilmember or member of the public wishes to speak on one or more of these items. If anyone wishes to speak on an item, it will be called "special". The remaining items in this section will be voted on by Council with one roll call vote.

PUBLIC INPUT AT CITY COUNCIL MEETINGS - An opportunity for the public to address the Council on agenda items for which public hearings have not been held will be provided at the time the item is considered or during the Multiple Agenda Item Comment period. Members of the public who wish to speak on items shall be allowed to speak for up to one minute per item up to a total of three minutes per meeting. The Council has determined that a cumulative total of 20 minutes is a reasonable minimum amount of time for the Multiple Agenda Item segment of each regular meeting.

The Council will also provide an opportunity for the public to speak on public interest items. Each speaker shall be limited to one minute of general public comment each regular meeting for a cumulative total of ten (10) minutes. The Council shall not discuss or take action relative to any general public comment.

If you wish to provide documents to the full Council for consideration on an item, please present the Sergeant-At-Arms with 35 copies. Otherwise, your materials will simply be added to the official record.

AMENDMENTS - Amendments introduced during a Council meeting will be made available in person inside the Council Chambers and online through a public drive. The drive can be found on <https://clerk.lacity.gov/calendar> under the "Council Meeting Process" section. The drive will only contain amendments introduced at that specific Council meeting and will be emptied after the meeting adjourns.

NOTICE TO PAID REPRESENTATIVES - If you are compensated to monitor, attend, or speak at this meeting, City law may require you to register as a lobbyist and report your activity. See Los Angeles Municipal Code 48.01 et seq.

More information is available at ethics.lacity.org/lobbying. For assistance, please contact the Ethics Commission at (213) 978-1960 or ethics.commission@lacity.org.

COUNCIL DISCUSSION AND TIME LIMITS - Councilmembers requesting to address the Council will be recognized by the Council President in the order requested. For any item, the Chairperson of the Committee, or the maker of the original motion, or the member calling a matter "special" shall have up to six (6) minutes to discuss the item. All other Councilmembers may speak up to three (3) minutes each on the matter. After all members desiring to speak on a question have had an opportunity to be heard once, the time for each Member desiring to speak again shall be limited to a maximum of three (3) minutes.

A motion calling the "previous question" may be introduced by any member during a Council debate. If adopted, this motion will terminate debate on a matter and the Chair will instruct the Clerk to call the roll on the matter.

VOTING AND DISPOSITION OF ITEMS - Most items require a majority vote of the entire membership of the Council (8 members). Items which have not been discussed in a Council Committee and have been placed directly on the agenda will require 10 votes to consider. Once considered, these items will normally require eight (8) affirmative votes to be adopted. Ordinances require a unanimous vote (at least 12 members must be present) in order to be adopted on first consideration. If an ordinance does not receive the necessary unanimous vote, it is laid over one calendar week. The votes required for approval on second consideration vary and depend upon the type of ordinance, but a typical ordinance requires eight (8) affirmative votes upon second consideration.

When debate on an item is completed, the Chair will instruct the Clerk to "call the roll". Every member present must vote for or against each item; abstentions are not permitted. The Clerk will announce the votes on each item. Any member of Council may move to "reconsider" any vote on any item on the agenda, except to adjourn, suspend the Rules, or where an intervening event has deprived the Council of jurisdiction, providing that said member originally voted on the prevailing side of the item. The motion to "reconsider" shall only be in order once during the meeting, and once during the next regular meeting. The member requesting reconsideration shall identify for all members present the agenda number, Council file number and subject matter previously voted upon. A motion to reconsider is not debatable and shall require an affirmative vote of eight (8) members of the Council.

When the Council has failed by sufficient votes to approve or reject an item, and has not lost jurisdiction over the matter, or has not caused it to be continued beyond the next regular meeting, the item is continued to the next regular meeting for the purpose of allowing the Council to again vote on the matter.

The City Council rules provide that all items adopted by the Council will not be presented to the Mayor, or other designated officer by the City Clerk until the adjournment of the regular Council meeting following the date of the Council action. A motion to send an item "forthwith" if adopted by ten (10) votes, suspends these rules and requires the City Clerk to forward the matter to the Mayor, or other officer, without delay.

RULE 16 MOTIONS - Council Rule No. 16, in part, allows a member to send an item directly to the Council without it having to go to a Council Committee first, by giving the City Clerk a motion (seconded by an additional member) during a Council session to be placed on the next regular available Council agenda.

Recommendation for Council action, pursuant to Motion (Blumenfield - McOsker):

1. REQUEST the City Attorney, in consultation with the Department of City Planning (DCP), to prepare and present a draft ordinance that amends Chapter I and 1A of the LAMC, applicable overlays, and other zoning regulations, and environmental clearance language, as necessary to implement and conform those provisions to the Charter amendments contained in the Charter Ballot Resolution dated June 29, 2026 relating to the DCP (Council File No. 26-1100-S12) contingent upon approval of the applicable Charter amendments by the voters at the November 3, 2026 election.
2. REQUEST the City Attorney, with the assistance of the DCP, to include in the ordinance amendments necessary to create consistent references throughout the LAMC, and applicable zoning regulations to the revised Charter Section 552, and any other code amendments needed as necessary, including the following, if Measure PL is approved by the voters:

Accordingly, the ordinance shall proceed directly to the Council for consideration and action, in the event that Measure PL is approved by the voters on November 3, 2026.

PUBLIC WORKS COMMITTEE REPORT and BUDGET AND FINANCE COMMITTEE REPORT relative to proposed adjustments to the Bureau of Street Services (BSS) Investigation and Enforcement Division permit and application fees.

A. PUBLIC WORKS COMMITTEE REPORT

Recommendations for Council action:

1. REQUEST the City Attorney to prepare and present the necessary ordinances to amend applicable sections of the Los Angeles Municipal Code to reflect the recommendations in the memo as found in the Board of Public Works (BPW) report, dated March 25, 2026, attached to the Council file, including Sections 62.45, 62.141, 62.146, 41.20, 62.80, 62.201 and any other relevant provisions, to effectuate the proposed fee adjustments and establishment of new fees, including an annual adjustment for inflation using the Consumer Price Index (CPI) for Urban Consumers published by the Bureau of Labor Statistics for the Los Angeles area.
2. INSTRUCT the BSS, in coordination with the City Administrative Officer (CAO), to periodically reevaluate Investigation and Enforcement fees and report with recommendations for fee adjustments at least once every five years.

3. INSTRUCT the CAO to report with the assessment of BSS's recommendations to increase the permit fees and establish new permit and application fees.

B. BUDGET AND FINANCE COMMITTEE REPORT

Recommendations for Council action:

1. ADOPT the proposed adjustments to existing BSS Investigation and Enforcement Division permit fees, and ESTABLISH new permit and application fees, as recommended in the BPW report dated March 25, 2026, attached to the Council file.
2. REQUEST the City Attorney to prepare and present the necessary ordinances to amend applicable sections of the Los Angeles Municipal Code to reflect the recommendations in said BPW report and CAO report dated August 12, 2026, attached to the Council file, including Sections 62.45, 62.141, 62.146, 41.20, 62.80, 62.201 and any other relevant provisions, to effectuate the proposed fee adjustments and establishment of new fees, including an annual adjustment for inflation using the CPI for Urban Consumers published by the Bureau of Labor Statistics for the Los Angeles area.
3. AUTHORIZE the BSS to make technical, administrative, and procedural changes as necessary to implement the Mayor and City Council's intent.

Fiscal Impact Statement: The BPW reports that approval of the recommendations in the BPW report is consistent with the City's financial policies, as the proposed permit fees are structured to recover the full cost of providing regulatory, inspection, and enforcement services associated with use of the public right-of-way. The revised fees apply primarily to commercially driven activities and are designed to ensure that all eligible administrative and operational costs are fully recovered. Based on historical permit activity, full cost recovery for Building Materials, Overloads, Special Events, Haul Routes and Water Discharge permit, which have together accounted for over 95 percent of Fiscal Year 2025 Investigation and Enforcement

Division permit revenue, is projected to increase annual permit revenues from approximately \$2.3 million to approximately \$5.0 million, or an estimated \$2.8 million contribution to the General Fund. Absent adoption of the proposed fee adjustments, General Fund resources would continue to be required to subsidize the BSS's cost of administering these permits.

The CAO reports that the proposed new fee structure fully covers the cost of the overall permitting process based on the time and effort required to process the permit. Absent adoption of the proposed fee adjustments, General Fund resources would continue to be required to subsidize the BSS's cost of administering these permits. The BSS estimates an increase of \$2.8 million in annual revenue which will be received as revenue by the General Fund. The 2026-27 Budget assumes \$2.8 million in General Fund revenues from these fee increases. Actual receipts in 2026-27 will fall short of this amount as the fee will not be in effect for the full fiscal year.

Financial Policies Statement: The CAO reports that the recommendations in the report comply with City's Financial Policies in that the fees proposed in the CAO report are permissible under State law, support services where a group of beneficiaries who can pay the fee is identifiable, and meet but do not exceed the reasonable cost of providing the service.
