HOUSING COMMITTEE REPORT relative to authority to release the Homes for LA (H4LA) Round 2 Notice of Funding Availability (NOFA) regulations and open the 2026 NOFA.

Recommendations for Council action, SUBJECT TO THE APPROVAL OF THE MAYOR:

1. AUTHORIZE the General Manager, Housing Department (LAHD), or designee, to:
 - a. Release the LAHD H4LA: 2026 Affordable Housing NOFA Program Regulations and Term Sheets, attached to the LAHD report dated August 17, 2026, in substantially final form (Attachments A through J) and subject to the approval of the City Attorney as to form, based on availability of funds allocated in California Permanent Local Housing Allocation (SB2) grant funds, Affordable Housing Linkage Fee Funds (AHLF), United to House Los Angeles (ULA) Program funds, and Los Angeles County Affordable Housing Solutions Agency (LACAHS) Program funds, up to a total amount of \$466,575,674.71.
 - b. Recommend project funding awards based on the approved H4LA NOFA regulations and term sheets, and to present such recommendations to the City Council and

Mayor for approval.

2. APPROVE the enclosed ULA Program Guidelines, attached to the LAHD report dated August 17, 2026, (Attachments 3 and 4) amending and replacing the Program Guidelines for the ULA Alternative Models for Permanently Affordable Housing Program and the ULA Operating Assistance Program, respectively.
3. AMEND the Limit in Attachment G – Term Sheet – Portfolio Preservation Program, on page 5 (overall page 207 of the LAHD report dated August 17, 2026) from: “The maximum loan limit is up to \$9,000,000, with up to \$2,500,000 for a Portfolio Preservation Fee” to: “The maximum loan amount will be \$30,000 per unit not to exceed \$9,000,000, with up to \$4,500 per unit not to exceed \$2,500,000 for a Portfolio Preservation Fee”.
4. INSTRUCT the LAHD to:
 - a. Report to the Housing Committee on a quarterly basis on the status and implementation of the H4LA Round 2 NOFA, including the status of the solicitation and evaluation process; funding awarded and expended by program; the number of projects and units awarded, under contract, and proceeding toward construction or preservation; anticipated project timelines; and any significant delays, challenges, or changes to program implementation.
 - b. Utilize popular education models on the LAHD website to explain the differences between these programs in order to increase access to and understanding of the technical specifics and differences by people intending to apply.

Fiscal Impact Statement: The LAHD reports that there is no impact to the General Fund. The recommendations in this report will authorize LAHD to solicit applications utilizing set-asides of various Special Funds. Neither the City Administrative Officer nor the Chief Legislative Analyst has completed a financial analysis of this report.

ARTS, PARKS, AND CITY FACILITIES COMMITTEE REPORT relative to the feasibility of utilizing Municipal Improvement Corporation of Los Angeles (MICLA) financing or other funding mechanisms to support the construction and operations of the proposed Jordan Downs Neighborhood Recreation Center.

Recommendations for Council action, pursuant to Motion (McOsker – Hutt):

1. DIRECT the City Administrative Officer (CAO), with the assistance of the Chief Legislative Analyst (CLA) and the Housing Authority of the City of Los Angeles (HACLA), to report to Council in 15 days with information regarding the following:
 - a. The feasibility of utilizing MICLA financing, or another City-supported financing mechanism, to support the construction of the proposed Jordan Downs Neighborhood Recreation Center (Project), and the City budget and capital planning process for consideration of any potential MICLA request, including the timing for submission and consideration of the Project.

- b. The eligibility of the proposed Project and its ownership, lease, and operating structure for MICLA or other City debt financing, including any requirements necessary to establish an appropriate financing structure.
 - c. Any applicable precedent involving City-supported financing of facilities located on property owned or controlled by the HACLA or another public agency.
 - d. Whether a Tax Equity and Fiscal Responsibility Act (TEFRA) hearing or other public financing approval process would apply to any proposed financing structure.
 - e. The estimated amount of financing that could potentially be supported, including the anticipated debt service, financing costs, administrative costs, and any other financial obligations that would be incurred by the City or another public entity.
2. SUPPORT the HACLA's application for the State of California's (State) Round 2 Resiliency Center Funding for this Project in an amount up to \$10 million; and, PREPARE the Department of Recreation and Parks (RAP), as well as the Emergency Management Department, to provide key input for program planning and design features necessary for emergency and daily operations of this new neighborhood park and recreation center in Watts.
 3. DIRECT the CAO, in coordination with the RAP and HACLA, to work collaboratively and report to Council in 15 days to identify potential City, public, philanthropic, and other funding mechanisms that could support the capital construction and ongoing operations of the proposed Jordan Downs Neighborhood Recreation Center; and, to develop a coordinated funding strategy to ensure the Project meets its construction schedule and qualifies for State, Federal and private funding opportunities, including the State Strategic Growth Council's Resiliency Centers Round 2 funding.

ARTS, PARKS, AND CITY FACILITIES COMMITTEE REPORT relative to declaring the City-owned property adjacent to Loma Verde Avenue (Property) in Council District Three, Assessor Parcel No. (APN) 2112-001-904, as Exempt Surplus Land.

Recommendations for Council action, pursuant to Motion (Blumenfield – Hutt):

1. DECLARE the City-owned Property adjacent to Loma Verde Avenue (APN 2112-001-904) as "Exempt Surplus Land" pursuant to the California Surplus Land Act, inasmuch as the Property qualifies as exempt surplus land under Government Code Section 54221(f)(1)(B), which exempts, "[s]urplus land that is less than one-half acre in area and is not contiguous to land owned by a state or local agency that is used for open space or low- and moderate-income housing purposes." Notwithstanding Section 54221(f)(2), under Government Code Section 54221(f)(2), the Property cannot qualify as exempt surplus land if it is:
 - a. Within a coastal zone.
 - b. Adjacent to a historical unit of the State Parks System.
 - c. Listed on, or determined by the State Office of Historic Preservation to be eligible for, the National Register of Historic Places.

- d. Within the Lake Tahoe region as defined in Section 66905.5.

Because none of these characteristics apply to this Property, it qualifies as exempt surplus land under the Surplus Land Act.

2. DIRECT the General Services Department, with the assistance of the City Attorney and City Administrative Officer (CAO), to take all necessary steps and prepare all required documents to effectuate the sale of the parcel.

Fiscal Impact Statement: Neither the CAO nor the Chief Legislative Analyst has completed a financial analysis of this report.

MOTION

I HEREBY MOVE that the Council ADOPT the recommendation to approve the City Attorney recommendation for the case entitled Oceans 11 RV Park, LLC v. City of Los Angeles, et al., Court of Appeal Cases [Case Nos. B350259 and B354451, and new appeal filed August 26, 2026 (President 1 Appeals)]; Los Angeles Superior Court Case No. 24STCV16728 [The first appeal concerns the Trial Court's ruling that a Conditional Use Permit (CUP) is not required for a recreation vehicle park (RV Park), that the City must issue permits for Oceans 11 on a ministerial basis as Oceans 11's RV Park at 23416 President Avenue satisfied the performance standards in Los Angeles Municipal Code Section 14.00.A.7, but that the Housing Accountability Act (HAA) did not apply (Main Appeal). The second appeal concerns the Trial Court's post-judgment order lifting the automatic stay on the Writ of Mandate (Secondary Appeal). The third and newest appeal, filed on August 26, 2026, concerns the Trial Court's orders with regard to a post-judgment motion enjoining the City's revocation of the Certificate of Occupancy for the RV Park on a particular basis (Appeal of Motion to Enforce Orders).]

This matter was recommended for approval by the Budget and Finance Committee (Yaroslavsky - Blumenfield – Hutt – McOsker – Hernandez: "Yes") at its meeting held on September 15, 2026, in Closed Session as permitted by Government Code Section 54956.9(d)(1).

In 2007, the Tessera Sylmar Inc. Homeowners Association offered to donate a vacant parcel adjacent to its condominium development to the City of Los Angeles for use as a public park. The property was subsequently improved and opened to the public as Telfair Park.

Telfair Park is an approximately 1.5-acre improved park located at 15721 West Cobalt Street in Sylmar. The Department of Recreation and Parks Real Estate Division has confirmed that, although the property was developed as a City park and has been used by the public for years, title to the property was never transferred to the City and remains with the Tessera Sylmar Inc. Homeowners Association.

This Motion will facilitate the formal transfer and dedication of Telfair Park to the City, ensuring that the property can be formally incorporated into the City's park system and that its longstanding use as a public park is reflected in the property's ownership and legal status.

I THEREFORE MOVE that the Department of Recreation and Parks (RAP), with the assistance of the Department of General Services, the City Attorney, and any other relevant City departments, be directed to take all necessary actions to accept the donation of Telfair Park, an approximately 1.5-acre developed park located at 15721 West Cobalt Street in Sylmar, from the Tessera Sylmar Inc. Homeowners Association. Such actions shall include, as necessary, obtaining appraisals; securing title and escrow services; conducting surveys; paying recording and closing costs; and preparing and executing any other documents or taking any other actions necessary to complete the conveyance and dedication of the property for public park purposes. Sufficient funding is available within the Council District 7 General City Purposes Council Projects allocation for these activities.

I FURTHER MOVE that \$35,000 from Council District 7 General City Purposes Fund, Account No. 000A28 (CD-7 Council Projects), Account ID. A28, be transferred and appropriated to the Department of General Services, Department No. 40, Fund No. 100, Account No. 003040 (Contractual Services), for expenses related to the transfer of Telfair Park to the City; and that \$5,000 be transferred and appropriated to the Department of Recreation and Parks, Department No. 88, Fund No. 302, Account No. 3040 (Contractual Services), for an environmental Phase I assessment.

I FURTHER MOVE that the Departments of General Services and Recreation and Parks be authorized to make any corrections, clarifications, or revisions to the above fund transfer instructions, including any new instructions, necessary to effectuate the intent of this Motion, including any corrections or changes to fund or account numbers; and that such corrections, clarifications, or revisions may be made orally, electronically, or by any other means.

Immediate action is necessary to support residents of Council District 13 who have suffered recent economic loss and/or need to prioritize staying home to protect themselves and their loved ones. Council District 13 is uniquely positioned to deliver emergency financial assistance through the U.S. Bank ReliaCard.

The CD 13 Assistance Fund builds on the expertise of the Community Investment Department (CID) in developing and implementing large-scale, direct cash assistance programs in response to emergencies. This response leverages the FamilySource System (FSS), in collaboration with partners such as the P.F. Breese Foundation, El Centro Del Pueblo, and others, to assist with eligibility screening, case management, and the provision of other critical services.

I THEREFORE MOVE that the Council;

1. **AUTHORIZE** the City Controller to utilize and disburse the remaining balance of \$95,565.00 transferred to the Community Investment Department, pursuant to Council File 24-1244-S1, Public Assistance Benefit Program Fund No. 10E-21, Account No. 21C246 (CD 13 Emergency Financial Assistance Program) for disbursement to the U.S. BANK NATIONAL ASSOCIATION (U.S. Bank) for the purpose described above.
2. **AUTHORIZE** the City Controller to disencumber up to \$29,902.67 from the remaining Fiscal Year 2025-26 encumbered balance of funds transferred to the Community Investment Department, pursuant to Council File 25-1293, for Contract No. C-202521 with El Centro Del Pueblo (SC 21 CO26202521Y) within the Community Investment Department Fund No. 100-21, Account No. 003040 (Contractual Services), process the early reversion of the disencumbered amount and appropriate therefrom in the same amount to the Public Assistance Benefit Program Fund No. 10E-21, Account No. 21C246 (CD 13 Emergency Financial Assistance Program) for disbursement to the U.S. BANK NATIONAL ASSOCIATION (U.S. Bank), for the purpose described above.
3. **AUTHORIZE** the General Manager, or designee, of the Community Investment Department to prepare, process, and execute any documents and payments necessary to disburse these funds to the U.S. BANK NATIONAL ASSOCIATION (U.S. Bank), a City contractor, utilizing the existing City Contract (C-203951) and any successor contract with U.S. Bank, as appropriate, for the above purpose.
4. **AUTHORIZE** the Community Investment Department to make any technical corrections, clarifications, or revisions, as necessary, to implement the motion's intent.

The City of Los Angeles is bracing for potential storms and heavy rainfall attributed to the "super" El Niño this upcoming winter. The National Oceanic and Atmospheric Administration Climate Prediction Center projects a greater than 90% chance of a strong El Niño, which could bring one of the wettest winters in recent years.

The heavy rain not only creates unsafe conditions for the City overall, but imposes substantial detrimental impacts on people experiencing unsheltered homelessness. According to the 2026 Point-in-Time Count, approximately 29,115 people may be exposed to imminent threats such as falling trees, street flooding, debris flows, landslides, and infrastructure damage.

Amidst other environmental emergencies, Los Angeles Homeless Services Authority and other governmental agencies have worked to rehouse unsheltered people, but there was still a significant delay in setting up temporary shelters and bringing people indoors.

In anticipation of these impacts, it is critical for the City to ensure the multiple departments tasked with managing our emergency response network work in coordination with the departments managing our homeless response, in order to actively prepare to respond to storm-related emergencies and provide critical services to keep all Angelenos safe.

I THEREFORE MOVE that the City Council INSTRUCT the Emergency Management Department, the City Administrative Officer, the Los Angeles Housing Department, and the Department of Recreation and Parks in coordination with the Los Angeles Homeless Services Authority, to report within the next 21 days on how the City is preparing to address the impacts of the super El Niño predicted by the National Oceanic and Atmospheric Administration on people experiencing homelessness. This report should include:

- An assessment of previous efforts conducted to protect unsheltered People Experiencing Homelessness (PEH) in the city during emergency extreme weather events;
- Protocol and timeline for activating emergency shelters;
- An outline for conducting early notification and, if needed, evacuation of PEH living in high flood zones, including the LA River Bed area;
- A list of proactive measures that can be implemented before the start of the El Niño season;
- A list of any currently City-funded programs that can be used to support these efforts;
- A status update on the current capacity or number of beds and vouchers available for emergency shelter.

I FURTHER MOVE that the City Council INSTRUCT the City Administrative Officer to report on potential utilization of Homeless, Housing, Assistance and Prevention Program funds that have been saved due to reprogramming or any other savings in homelessness funds to fund the implementation of these recommendations.

HOMELESSNESS AND HEALTH

MOTION

The City of Los Angeles has greatly invested in building interim beds for people experiencing homelessness (PEH). The City has invested its local dollars as well as funding from State and federal resources to build an inventory of interim beds to serve unhoused people in Los Angeles. These include beds in the Roadmap Plan and A Bridge Home Program, Tiny Home Villages, Inside Safe motel and hotel placements, and beds created under the LA Alliance Settlement Agreement program. The County of Los Angeles (County), including their Department of Mental Health (DMH), Department of Health Services' (DHS) Housing for Health, and the Department of Homeless Services and Housing, regularly places clients into City-supported beds. If the City builds its own homelessness system and behavioral health department, the County's placement options could be impacted.

There is a need for a comprehensive analysis and documentation of the inventory of the City and County interim facilities resources that are currently available to the region. A thorough analysis of the region's interim resources is needed in case of a potential split between the City and County homelessness services in order to understand the impact to the homelessness system. This analysis is needed to inform discussions with the County over the Continuum of Care and any interim Joint Powers Authority agreement.

I THEREFORE MOVE that the Council instruct the City Administrative Officer, Los Angeles Housing Department, and the Chief Legislative Analyst, in coordination with the Los Angeles Homelessness Services Authority, to report on the following:

1. The total number of interim housing beds in the Los Angeles region, broken out by City-funded, County-funded, and jointly funded;
2. The share of County-referred clients, especially DMH and DHS clients, currently placed in City-funded or City-sited beds;
3. An inventory of placement pathways that depend on LAHSA-run coordinated entry that could be disrupted during a transition;
4. The County's interim housing capacity if City funded beds were no longer available to County referrals, and the potential gap;
5. Any legal commitments, such as the LA Alliance settlement or Measure A agreements, that would govern bed access after a separation of City and County resources; and
6. Options for a bed-sharing or reciprocal-access agreement that could preserve placements for both jurisdictions.

I FURTHER MOVE that the Council instruct the City Administrative Officer, Chief Legislative Analyst, Los Angeles Housing Department, and other relevant departments, to report to Council with actions and resources required, such as staffing, to implement interim facility bed matching for City funded interim beds if there is a dissolution of LAHSA and a split between the City and the County.

MOTION

The Office of Council District One has worked continuously with the community, the Department of Transportation and California State Parks to design and construct new signalized crosswalks at N Spring St and Ann St and N Spring Street and Mesnager Street. Following the completion of preliminary due diligence within the project area, the Citywide Brownfields Program under the Bureau of Sanitation (BOS) determined that targeted soil excavation and disposal is required to address contaminants prior to initiating crosswalk construction.

The BOS intends to continue utilizing the services provided by Geosyntec Consultants, Inc. (Geosyntec) for Environmental Site Assessment and Technical Support for Citywide Brownfields Program (Contract No. C-202382) from its on-call consultant bench to implement the work. The Geosyntec scope of work includes but is not limited to comprehensive project management, preparation and implementation of a work plan, addressing potential chemical impacts through soil removal, and characterizing excavated soil for transport and disposal.

I THEREFORE MOVE that \$186,300 in the Department of Transportation, Account Name: Vision Zero, Projects Fund No. 59V, Account No. 50AZBQ be transferred/appropriated to the Integrated Solid Waste Management Trust Fund No. 556-50, Account No. 50CMSS, Brownfields - Spring Street Crosswalk, for work relative to cleanup planning and cleanup implementation activities and project administration of future crosswalks located in the right of way, near the intersections of N Spring St and Ann St and N Spring Street and Mesnager Street in Council District 1.

I FURTHER MOVE that the BOS be instructed and authorized to prepare, process and execute the necessary documents with and/or payments to Geosyntec, or any other agency or organization, as appropriate, utilizing the above amount, for the above purpose, subject to the approval of the City Attorney as to form.

I FURTHER MOVE that the BOS be authorized to make any corrections, clarifications or revisions to the above fund transfer instructions, including any new instructions, in order to effectuate the intent of this Motion, and including any corrections and changes to fund or account numbers; said corrections / clarifications / changes may be made orally, electronically or by any other means.

The City has consistently reaffirmed the necessity and desire to build housing - especially affordable housing - to deter the eviction-to-homelessness pipeline and meet local housing demands. For over a decade, there have been consistent efforts to identify city-owned land for affordable housing development, ongoing work to streamline permitting, and sustained executive and legislative efforts to make the City a more affordable place to live.

Despite these efforts, there remains ambiguous wording within the administrative code that has been used to halt or slow the development of necessary and life-saving affordable housing on city-owned land. Section 22.484g(A)7 of Division 22, Chapter 20, Article 5 of the Los Angeles Administrative Code has slowed multiple affordable housing projects because of the advisory duties assigned to the Board of Transportation Commissioners - allowing for this appointed body to overturn or delay both Exclusive Negotiation Agreements and Disposition and Development Agreements that have been approved by both the Council and Mayor.

While the need for parking is frequently cited to justify overturning decisions approved by the Mayor and City Council, rejecting a ministerial affordable housing project simply for utilizing a standard, on-menu incentive, such as a parking reduction, is legally indefensible and a wasteful use of public resources. Blocking housing during an ongoing crisis places our city at serious risk of losing vital state funding for affordable housing. The overarching mandate across the City, County, and State is clear: we must prioritize housing development at all affordability levels to serve our residents.

I THEREFORE MOVE that the City Council REQUEST the City Attorney to prepare and present an ordinance amending Section 22.484g(A)7 of Division 22, Chapter 20, Article 5 of the Los Angeles Administrative Code (LAAC), to be amended as follows:

The Transportation Commission shall have the power, duty and responsibility of advising the coordination, direction, and management of all matters with respect to the acquisition, and thereafter the management, of all public off-street parking places by the City except for those parking facilities which are under jurisdiction or control of departments controlling their own funds *and any facilities, and the instruction the City Council and Mayor has authorized for temporary or permanent use as a housing or homeless program.*

Notwithstanding the authority provided to the Department of General Services in Chapter 21 of Division 22 of this Code, the Los Angeles Housing Department shall have charge, superintendence and control of all City-owned real property, the use of which currently is or is approved by the City Council and Mayor to be for affordable housing development purposes, projects or activities.

Responsibility for the maintenance and operations of the site shall remain with the Department of Transportation until the Ground Lease, or similar agreement, is executed and the Los Angeles Housing Department, or its designee, has provided the Department of Transportation with 30 days notice of intent to proceed with the project or program.

I FURTHER MOVE that the City Council INSTRUCT the City Administrative Officer (CAO), with support from the Department of Transportation, to update the Asset Evaluation Framework (CF:12-1549-S3) to reflect the removal of the Board of Transportation Commissioners (BOTC) from relevant approval processes.

The Fire Department (LAFD) has participated in the State of California Public Provider Ground Emergency Medical Transport (PP-GEMT) since it was created by the State. This program enables the City to receive additional revenues from Medi-Cal to reimburse the City for a portion of the costs associated with emergency medical transport provided to Medi-Cal patients. Participation in the program requires the City to make quarterly payments to the State Department of Health Care Services, which is offset by additional revenues generated by the program.

\$52,000,000 for these quarterly payments is set aside in the Unappropriated Balance, and transferred regularly to the Department through the City Administrative Officer's Financial Status Reports or a Motion, depending on the payment due date. The State sent its invoice to the City for the Calendar 2026 fourth payment on September 1, 2026. Funding for this payment is included in the 2026-27 Unappropriated Balance, and the payment is due by October 16, 2026. Due to the timing of this payment, action is needed on October 1, or soon thereafter, to transfer these funds to the Fire Department outside of the normal process.

I THEREFORE MOVE that that the City Council ~~and the City Clerk place the agenda of the first regular City Council meeting by October 1, 2026, or soon thereafter, the following items:~~

1. AUTHORIZE the transfer of \$12,978,581.08 from the Unappropriated Balance, Ground Emergency Medical Transport QAF Program line item to Fire Department Fund 100/38, Account No. 003040 (Contractual Services);
2. DIRECT the Fire Department to Electronically transfer \$12,978,581.08 from Fire Department Fund 100/38, Account 003040 (Contractual Services) to the State Department of Health Care Services by: no later than October 16, 2026 for the Department's payment for participation in the PP-GEMT IGT Program;
3. AUTHORIZE the Fire Department to Deposit revenue received as part of the PP GEMT IGT Program into Fire Department Fund 100/38, Revenue Source Code 4451 (Emergency Ambulance Services);
4. DIRECT the City Administrative Officer to report in future Financial Status Reports on any necessary transfers and transactions needed to ensure fire services are not impacted; and
5. AUTHORIZE the Fire Department, subject to the approval of the City Administrative Officer, to prepare Controller instructions for any technical adjustments to comply with the intent of this Motion, and authorize the Controller to implement the instructions.

HOUSING

MOTION

PUBLIC SAFETY

Eviction proceedings require strict compliance with legal notice, documentation and court procedures. A landlord must have a lawful basis for eviction, they must serve the tenant with a required written notice, provide opportunity to pay rent, or correct the alleged violation and comply with applicable City requirements before filing an unlawful detainer action. Only after a landlord has obtained a court judgement and writ of possession can a tenant be evicted. Once this requirement is met only the Los Angeles County Sheriff's Department can serve a five-day Notice to Vacate to conduct a lockout.

To improve public understanding among tenants, landlords and the Los Angeles Police Department personnel regarding evictions and lockouts, there is a need for greater clarity regarding the role of the Police Department. Tenants in Downtown Los Angeles, particularly those living in Single Room Occupancy buildings, or subsidized housing, might be especially vulnerable to displacement when eviction procedures and agency responsibilities are applied inconsistently.

Clear guidance should distinguish between matters that fall within the Police Department's authority and those that must be resolved through the civil legal process. This guidance would help prevent improper displacement and ensure that residents can access any relocation assistance, legal protections, and supportive services, to which they may be entitled. Therefore, it is imperative that clear written guidance be developed and made publicly available outlining the Police Department's legal authority, limitations, and responsibilities, and coordination, if any, with the Sheriff's Department, when responding to eviction related calls and alleged unlawful lockouts.

I THEREFORE MOVE that the Council instruct the Los Angeles Housing Department, with the assistance of the Chief Legislative Analyst, City Attorney, and the Los Angeles Police Department, to report on procedures and legal requirements related to residential eviction proceedings, or actions, including those occurring at Single Room Occupancy buildings. This report should outline what role, if any, the Police Department has in these proceedings, and specifically its coordination, if any, with the County Sheriff's Department.

I FURTHER MOVE that the Council request the Police Department, based on the findings of the report, to publish a departmental bulletin outlining the appropriate protocols for residential eviction incidents for Departmental personnel and public awareness.

MOTION BUDGET & FINANCE

In June 2026, a fire at the Lineage Logistics cold-storage warehouse in Boyle Heights burned for nearly a week, which forced residents to shelter in place and has raised lasting concerns over air and water contamination in a neighborhood already burdened by industrial pollution. For months, the City was burdened by the foul smell of rotting food as Lineage Logistics removed millions of pounds of food waste from the warehouse. In response to these conditions, residents turned to using air purifiers as a tool for both smoke and odor remediation.

Mayor Karen Bass issued Emergency Executive Orders directing City departments to provide financial and public health resources to affected residents and businesses, including support to help residents with payments of their Los Angeles Department of Water and Power (LADWP) bills. This relief effort made clear that, especially amidst an environmental emergency, there is an urgent need for emergency utility bill assistance. However, the City's current trust fund mechanism for LADWP bill assistance is financed through ratepayer-funded surcharges, which means the cost of subsidizing bills for customers is supported by other ratepayers. This funding structure places the burden of relief on a customer base that includes many Angelenos who are struggling to afford their own utility bills.

There is a need for an emergency assistance fund that does not rely on ratepayer contributions, but instead pulls from private donations, philanthropic partnerships, and other funding sources outside of ratepayers. Establishing such a fund would allow the City to expand emergency LADWP bill assistance without adding further financial strain to ratepayers, while creating a mechanism for private and philanthropic support to directly benefit Angelenos facing hardship.

I THEREFORE MOVE that the City Council requests the City Attorney, in collaboration with the Los Angeles Department of Water and Power and the City Administrative Officer, to report on the feasibility of creating a trust fund for emergency support to impacted customers in covering portions of their city utility services bill. The funding of the trust should not be incurred by the ratepayer, but should be an available vehicle to accept private donations and contributions from philanthropic partnerships, and other funding sources separate from ratepayers.

MOTION

Illegal dumping has become a major blight on the city of Los Angeles imposing significant costs on taxpayers while negatively affecting public health, public safety, environmental quality, and the quality of life of communities throughout the City. The City continues to devote substantial resources to removing illegally dumped waste, yet the continued recurrence of dumping at the same locations demonstrates that cleanup alone is not sufficient to address the problem.

While the City has made investments in identifying and removing illegally dumped waste, illegal dumping must be addressed as a comprehensive three pronged strategy, consisting of cleanup and abatement, education and prevention, and investigation and enforcement with meaningful penalties. Solely focusing on cleanup efforts will lead to the City repeatedly bearing the cost of removing illegally dumped materials, without adequately addressing the individuals, businesses, and practices responsible in the first place.

The Bureau of Street Services (BSS) plays a leadership role in public-right-of-way enforcement and the City's response to illegal dumping. A comprehensive three pronged strategy will be most successful if BSS leadership is complemented by and in coordination with important specialized roles of LASAN, LAPD, the City Attorney's office, and other appropriate departments.

The need for stronger enforcement is particularly evident when considering the City's existing penalty structure. Under Los Angeles Municipal Code Section 66.25, administrative fines for illegal dumping are currently \$500 for a first violation, \$750 for a second violation, and \$1,000 for a third and subsequent violation. Other California jurisdictions have demonstrated that substantially higher administrative penalties are possible. Santa Cruz County currently imposes administrative penalties of \$2,500 for a first illegal dumping violation, \$5,000 for a second violation within one year, and \$10,000 for a third or subsequent violation within one year. Los Angeles should evaluate whether its administrative penalties need to be increased to reflect the public costs and impacts associated with illegal dumping, while ensuring that penalties remain legally defensible, proportionate, and appropriately scaled according to the severity, quantity, frequency, and circumstances of the violation.

However, fines alone will not solve the City's illegal dumping problem. Effective enforcement requires investigators, technology, data, cleanup capacity, coordination, and sustained attention to the locations where dumping repeatedly occurs. The City should therefore explore whether existing technology, equipment, and contractual resources already available to the City can be leveraged for illegal dumping enforcement before investing in entirely new systems. Camera technologies utilized by City departments, including LASAN and LAPD, should be evaluated for their potential use by BSS at identified illegal dumping hotspots, where legally permissible and operationally appropriate.

Finally, enforcement and cleanup resources must be deployed equitably. The City should establish a process through which each Council District office works directly with BSS to identify and maintain a list of chronic illegal dumping hotspots within that district. These locations should be evaluated with existing City data, such as MyLA311 reports, cleanup requests, CleanStat data, and other available datasets, along with direct input from Council District offices and the communities that they represent.

I THEREFORE MOVE that the Bureau of Street Services (BSS), in coordination with Los Angeles Sanitation and Environment (LASAN), LAPD, City Atty, and other relevant City departments, be instructed to report to the City Council within 30 days on illegal dumping enforcement activities and the status of funding allocated in the FY 2026-27 budget. This report should include recommendations on needed

resources and funding for strengthening the City's response to illegal dumping toward a comprehensive strategy of abatement, prevention, and enforcement.

I FURTHER MOVE that BSS report on the feasibility of utilizing existing City contracts, technology, equipment, and other resources currently available to City departments, including LASAN and LAPD, for the limited purpose of identifying, documenting, investigating, and prosecuting illegal dumping activity.

I FURTHER MOVE that BSS, in coordination with each Council District office, be instructed to develop a citywide inventory of chronic illegal dumping hotspots, with each Council District identifying priority locations within its jurisdiction, and report on a system for regularly updating the inventory based on both objective City data and community and Council District input.

I FURTHER MOVE that BSS, in coordination with the Los Angeles Police Department and Bureau of Sanitation, be INSTRUCTED to report back in 30 days with options to update penalties for illegal dumping, as well as increasing rewards for successful prosecutions, to align with other municipalities in California.
