TRANSPORTATION COMMITTEE REPORT relative to TAP-to-Exit infrastructure and policies.

Recommendations for Council action, as initiated by Motion (Nazarian – Yaroslavsky):

1. INSTRUCT the Los Angeles Fire Department (LAFD) to support the Los Angeles County Metropolitan Transportation Authority's (Metro) authority and operational flexibility to install and enforce TAP-to-Exit infrastructure and modernized faregate policies across Metro rail and bus rapid transit stations within the City, as deemed necessary by Metro to enhance public safety, reduce crime, protect transit workers and passengers, and improve the overall rider experience.
2. DIRECT the LAFD to:
 - a. Work collaboratively with Metro to develop, adopt, and promptly implement permitting and safety standards that would allow for the expansion of TAP-to-Exit and modernized faregate infrastructure throughout the Metro system while ensuring compliance with fire and life safety requirements.
 - b. Evaluate and incorporate fire and life safety standards, best practices, and operational models successfully deployed by other major domestic and international transit agencies and fire departments with TAP-to-Exit and modernized faregate systems.
3. INSTRUCT the LAFD, the Los Angeles Police Department (LAPD), and other relevant agencies to facilitate the timely installation and enforcement of TAP-to-Exit and modernized faregate systems at stations identified as experiencing elevated crime, fare evasion, vandalism, trespassing, or persistent quality-of-life concerns.

4. INSTRUCT the LAPD and LAFD to report quarterly on the status of these efforts, until completion of these programs, and to track and report volume of service calls at Metro stations throughout the City to evaluate the effectiveness of the TAP-to-Exit and modernized faregate programs, ensuring continued progress in maintaining safe and accessible Metro stations.

CIVIL RIGHTS, EQUITY, IMMIGRATION, AGING, AND DISABILITY and ECONOMIC DEVELOPMENT AND JOBS COMMITTEES' REPORT relative to instructing the Chief Legislative Analyst and requesting City Attorney to report on the estimated number of businesses that are not Americans with Disabilities Act (ADA)-compliant and common reasons for lack of compliance; requirements for improvements to meet ADA compliance; feasibility of outreach and education plan; and related matters.

Recommendations for Council action, pursuant to Motion (Jurado - Nazarian):

1. INSTRUCT the Chief Legislative Analyst (CLA), with assistance from the Department of Disability (DOD), to report to Council on the estimated number of businesses in the City of Los Angeles that are not ADA compliant and common reasons for lack of compliance with ADA standards for small business property owners. This report should highlight the most common reasons for ADA lawsuits for small businesses and the potential costs and requirements for making required improvements to meet ADA compliance. Additionally, the report should delineate

between standards that are most commonly the responsibility of the property owner from the ones of the business operator.

2. INSTRUCT the CLA, with the assistance of the DOD and the Mayor's Office of Business and Economic Development (MOBED), to report to Council on the feasibility of developing an outreach and education plan that includes workshops, resources for Council Offices to distribute to small businesses, advisement on prospective educational partnerships and proactive outreach to small businesses informing them of their responsibilities to achieve ADA compliance and any available resources.
3. INSTRUCT the CLA, with the assistance of the Community Investment Department, the DOD, the MOBED, and other relevant departments, to report to Council on the feasibility of administering a micro-grant program that supports small businesses in meeting ADA requirements.
4. REQUEST the City Attorney to report to Council on the total amount of funds the City has paid in ADA related settlements involving sidewalks in or adjacent to non-residential areas since implementation of the Willits settlement.

RESOLUTION (HARRIS-DAWSON - BLUMENFIELD) relative to the Declaration of Local Emergency by the Mayor dated January 7, 2025, and Updated Declaration of Local Emergency by the Mayor dated January 13, 2025, due to the windstorm and extreme fire weather system and devastating wildfires in the City of Los Angeles (City), pursuant to Los Angeles Administrative Code (LAAC) Section 8.27.

Recommendation for Council action:

ADOPT the accompanying RESOLUTION, dated January 14, 2025, to:

1. Resolve that a local emergency exists resulting from ongoing windstorm and extreme fire weather system and the devastating wildfires in the City within the meaning of LAAC Section 8.21, et seq., as set forth in the Mayor's January 13, 2025 Updated Declaration of Local Emergency, which incorporated the declaration of emergency dated January 7, 2025, which the City Council hereby ratifies.
2. Resolve that because the local emergency, which began on January 7, 2025, continues to exist, there is a need to continue the state of local emergency, which the City Council hereby ratifies.
3. Instruct and request all appropriate City departments (including proprietary departments), agencies, and personnel, in accordance with LAAC Code Section 8.21 et seq., to continue

to perform all duties and responsibilities to represent the City in this matter to respond to and abate the emergency and prevent further harm to the life, health, property, and safety, and receive, process; and, coordinate all inquiries and requirements necessary to obtain whatever State and Federal assistance that may become available to the City and/or to the citizens of the City who may be affected by the emergency.

4. Instruct the General Manager, Emergency Management Department, to advise the Mayor and City Council on the need to extend the state of local emergency, as appropriate.
5. Resolve that, to the extent the public interest and necessity demand the immediate expenditure of public funds to safeguard life, health, or property in response to the local emergency and to support the emergency operations of the City and its departments (including its proprietary departments), agencies, and personnel (including mutual aid resources) in responding to the declared local emergency, the competitive bidding requirements enumerated in City Charter Section 371, and further codified in the LAAC, including LAAC Section 10.15 be suspended until termination of the state of emergency and solely with respect to purchases and contracts needed to respond to the declared state of emergency.
6. Direct and request City departments and agencies making purchases pursuant to the authority granted in paragraph five (5), above, to report every two weeks to the City Council regarding the purchases and contracts made during the prior two week period on the reasons justifying why such purchase or contract was necessary to respond to the emergency, including why the emergency did not permit a delay resulting from a competitive solicitation for bids or proposals, and why competitive proposals or bidding was not reasonably practicable or compatible with the City's interests.
7. Request all City departments and agencies who have the authority to investigate and/or enforce any/all forms of price gouging, fraud, and theft by deceit, as described in the California Penal Code, to do so to the fullest extent permissible under federal, state, and local law.

8. **Instruct the City Clerk, unless and until Council directs otherwise or discontinues the state of emergency, to timely agendize this matter so that Council may consider whether to continue the state of emergency.**
9. **Instruct the City Clerk to forward copies of this Resolution to the Governor of the State of California, the Director of the Office of Emergency Services of the State of California, the Los Angeles County Office of Emergency Management, and the Los Angeles County Board of Supervisors.**

MOTION

I MOVE that the matter of the ECONOMIC DEVELOPMENT AND JOBS COMMITTEE REPORT relative to instructing the Community Investment Department (CID), with the assistance of the Chief Legislative Analyst (CLA), to report regarding establishing an "LA Vacant to Vibrant" Storefront Activation Program modeled after San Francisco's Vacant to Vibrant Program, Item No. 7 on today's Council Agenda (Council File No.26-1202), BE AMENDED to include the following additional instruction:

2. INSTRUCT the Chief Legislative Analyst, in coordination with the Department of Building and Safety, the Fire Department, the Department of City Planning, and request the assistance of the Los Angeles County Department of Public Health, to report on the local implementation of Assembly Bill 1679 (González) to support a potential "LA Vacant to Vibrant" storefront activation program, including:

- a. Steps required to establish a "Temporary Commercial Activation authorization" allowing commercial operation in vacant spaces for up to 120 days;
- b. An analysis of the long-term development standards, building codes, and public health requirements that necessitate temporary approval pathways for the potential "LA Vacant to Vibrant" program, including strategies to streamline health code compliance for temporary food and beverage pop-ups. The report should clearly delineate which of these code elements fall under local jurisdiction to amend and which require state legislative action, and which are covered by the state bill;
- c. Establishment of alternative fire, accessibility, and life-safety conditions appropriate for temporary use without requiring full building system upgrades; and
- d. Enforcement mechanisms for AB 1679's prohibitions on structural alterations, modifications of fire-resistant elements, and changes to higher-risk occupancy classifications;

HOMELESSNESS AND HEALTH

MOTION

In 2001, the City of Los Angeles entered into the Coordinated Street Furniture Program agreement with Outfront/JCDecaux, which contemplated the potential installation of up to 150 automated public toilets, subject to siting, permitting, utility, and other contractual requirements. Under the contract, Outfront/JCDecaux installed, operated, and maintained the automated public toilets at no direct operating cost to the City.

During the term of the contract, only 14 automated public toilets were installed. Upon expiration of the contract, the City was required to replace all 14 units because the automated public toilets were owned by Outfront/JCDecaux. Due to funding constraints from Fiscal Year 25-26 to present, only four of the replacement toilets are currently operational. This woefully inadequate scale of public hygiene infrastructure has left the streets of Los Angeles, especially in underinvested areas such as Skid Row, without consistent access to sanitation and water.

The lack of public hygiene and water infrastructure affects everyone, including workers such as street vendors, taxi drivers, delivery drivers, utility workers, gas and electric service workers, pedestrians and tourists walking around city streets during and after normal business hours and unhoused individuals. Without permanent sanitation and water facilities, people who need to use a toilet, wash their hands, or drink water must be a paying customer at a business, utilizing a public park or library during operating hours, or walking near a Metro station. Most options for toilet, handwashing, and water access in the City are located within private businesses, leaving it to the business community to provide toilets to the public. For those unable to access these spaces—particularly people experiencing homelessness—using the restroom outdoors may be the only viable option. In 2025, the Los Angeles Sanitation Livability Services Division collected and disposed of more than 70 tons of human waste from the public right-of-way.

The lack of public hygiene infrastructure also impacts access to safe, clean drinking water in the city. The limited availability of drinking water in Los Angeles exacerbates the effects of the climate crisis on all Angelenos, but disproportionately on those who are experiencing homelessness and those who are working outdoors. During hotter months of the year, the City scrambles to open cooling centers and distribute water to those in need, leaving it to service providers and nonprofits to hand out water to ensure that those working and living in the public right of way do not die of heat exhaustion. The City should consider investments in permanent water access infrastructure to improve resiliency and decrease hospital admissions and mortality rates due to heat-related causes.

During the COVID-19 Pandemic, the Mayor's Office provided portable toilets and hand washing stations at encampment locations at Council office discretion across the city to stop the spread of COVID-19 and allow for more sanitary conditions at encampments. These facilities, while helpful to curb the spread of COVID-19, were intended solely for those living in encampments and do not present the city with the robust, comprehensive permanent public hygiene infrastructure needed to improve public health and enshrine the human dignity of Angelenos and visitors, whether housed or unhoused. Following the expiration of the Outfront/JCDecaux contract, responsibility for providing and funding public toilets and water access infrastructure shifted to the City outside the street furniture program. Meeting these responsibilities requires a comprehensive plan with stable funding to sustain existing facilities and expand access citywide. A designated lead department or office, selected to align program responsibilities with departmental capabilities, would provide clear accountability for planning, funding, operations, and maintenance while supporting coordination and shared resources across the City's sanitation and hygiene efforts.

I THEREFORE MOVE that the City Administrative Officer, in coordination with the Bureau of Street Services, the Bureau of Sanitation, the Department of Water and Power, the Los Angeles County

Metropolitan Transportation Authority, and the Board of Public Works to report within 60 days with recommendations for a City-wide expansion of public hygiene infrastructure, including toilets, hand washing stations, and permanent water spigots. The report should include:

- Opportunities for public-private partnerships, such as the Hollywood Partnership's funding and operation of 40 public bathroom stalls in Hollywood on the ground floor of the City's 1627 Vine Street garage;
- Opportunities to provide public restroom and handwashing facilities on City and County-owned property, including potential locations within the public right-of-way and at or near Metro station entrances; determine whether Homeless Housing, Assistance and Prevention (HHAP) Program funds may be used for this purpose; and explore a funding partnership with the Los Angeles County Department of Public Health;
- A status update on the implementation of DWP's Hydration Station Initiative Program and opportunities to partner with the City on installation of additional hydration stations.

I FURTHER MOVE that the City Administrative Officer, with the assistance of the Chief Legislative Analyst, City Attorney, Bureau of Street Services, Board of Public Works, LA Sanitation and Environment, and Department of General Services, evaluate and recommend the appropriate department or office to assume responsibility for the administration, operation, maintenance, and future expansion of the public toilet program currently administered by the Bureau of Street Services.

I FURTHER MOVE that the City Administrative Officer, in coordination with the Bureau of Sanitation, Bureau of Street Services, and Board of Public Works, report within 60 days regarding the identification of continued, stable funding for the operational Skid Row public toilets, independent of and in addition to any funding identified for the City-wide expansion described above, so that existing service is preserved regardless of the timeline or outcome of that expansion. The report should also include identified funding for the ongoing provision of feminine hygiene products at all City-operated and City-funded public toilet and hygiene facilities, including whether Homeless Housing, Assistance and Prevention (HHAP) Program funds could support this provision.

MOTION

Recent reports of federal search warrants executed on October 19, 2026, in connection with a statewide voter fraud investigation have raised serious questions about the Los Angeles Police Department's (LAPD) involvement in federal law enforcement operations, including reports that LAPD officers accompanied Homeland Security Investigations (HSI) agents in Wilmington. The Department must clarify the legal basis for LAPD involvement in these operations, distinguish between circumstances in which participation is legally required and those in which it is discretionary, and explain what authority it has to decline requests for assistance when local participation is not legally required or necessary.

I THEREFORE MOVE that the City Council request that the Los Angeles Police Department (LAPD), with the assistance of the City Attorney, be instructed to report on its existing policies and procedures governing participation in federal search warrant operations, including:

1. The legal requirements, if any, obligating LAPD to accompany federal law enforcement agencies executing search warrants within City limits;
2. Whether LAPD has the discretion to decline participation when its assistance is not legally required or necessary for public safety; and
3. The nature and extent of LAPD's involvement in the October 19, 2026, federal search warrant operations in Wilmington, including the basis for its participation and whether that participation was requested or required.
