MOTION

I MOVE that the matter of the Public Safety Committee Report relative to restructuring the Aboveground Petroleum Storage Act fee categories in the Los Angeles Fire Department Certified Unified Program Agency Schedule of Cost of Special Services and related amendments to the Fire Code, Item No. 7 on today's agenda (C.F. INSTRUCT the Fire Department, with the assistance of the City Attorney, City Administrative Officer and Chief Legislative Analyst, to report in advance of the next fee update, on the feasibility of ensuring fees collected are sufficient to cover the costs of the City's responsibilities related to aboveground petroleum storage and its impacts to residents and the environment, including any costs incurred by other City departments, as well as the potential to increase this fee to cover emergency preparedness efforts related to aboveground storage facilities in the City.
