REGULAR COUNCIL AGENDA TO BE POSTED

#52

The Housing Department's General Funds (GF) Homeless Shelter Services Agreement with the Los Angeles Homeless Services Authority (LAHSA) includes various Council Community Projects as directed by Council. In May 2024, Council approved Council File 24-0533, which added \$900,000 to the City's existing GF Contract with LAHSA to support outreach by St. Joseph Center to people experiencing homelessness in Council District 11 (CD11). The \$900,000 amount was corrected to \$897,500 via Council File 25-0600-S133 Third Mid-Year Financial Status Report. On March 24, 2026, Council approved CF 26-0384 to transfer and reappropriate \$140,000 of those unspent CD11 funds to the Housing Department's Fiscal Year 2025-26 GF Contract C-202650 with LAHSA to support the existing Service Planning Area 5 (SPA5) Access Center operated by St. Joseph Center in CD11 through June 30, 2026. CD11 needs to amend the action taken by Council on March 24, 2026 (CF 26-0384) to rescind the duplicate \$2,500 disencumber and transfer instruction already corrected by CF 25-0600-S133. Additionally, CD11 would like to repurpose \$757,500 in remaining funds to support two Inside Safe Motels within CD11 for Fiscal Year 2026-27. Eligible costs would include staff salaries, transportation, mental health supportive services, program operations costs, and administrative and related expenses. CD11 would also like to use the \$140,000 unspent in the FY 25-26 GF Contract to support the SPA5 Access Center in the FY 26-27 GF Contract.

I THEREFORE MOVE that the Council instruct and authorize the General Manager of the Los Angeles Housing Department (LAHD), or designee, to execute or amend the City's Fiscal Year 2026-27 General Funds Homeless Shelter Services Agreement with the Los Angeles Homeless Services Authority, Contract C-TBD, to: add up to \$757,500 to support two existing Inside Safe Motels - CD11 and add up to \$140,000 to support the existing SPA5 Access Center - CD11 through June 30, 2027; and amend the Scope of Work to add Inside Safe Motels - CD11, and add SPA5 Access Center - CD11.

I FURTHER MOVE to transfer and appropriate up to \$757,500 from the Housing Department Fund No. 10A/43, Account No. 43YD23 (LAHSA Mental Health Outreach) to the Housing Department Fund No. 10A/43, Account No. TBD (Inside Safe Motels - CD11).

I FURTHER MOVE to transfer and appropriate up to \$140,000 from the Housing Department Fund No. 10A/43, Account No. TBD (FY 25-26 SPA5 Access Center - CD11) to the Housing Department Fund No. 10A/43, Account No. TBD (FY 26-27 SPA5 Access Center - CD11).

I FURTHER MOVE to amend the action by Council in Council File 26-0384, taken on March 24, 2026, to rescind the instruction to disencumber \$2,500 from Contract C-140706, and rescind the instruction to transfer \$2,500 from the Housing Department Fund No. 10A-43, Account No. 43YD23 (LAHSA Mental Health Outreach) to General City Purposes Fund No. 100-56, Account No. 000903 (Council Community Projects - Council District 11).

I FURTHER MOVE to authorize the Los Angeles Housing Department to make any corrections, clarifications, or revisions in order to effectuate the intent of this motion.

I FURTHER MOVE to request the Los Angeles Homeless Services Authority to amend or execute relevant contracts with St. Joseph Center.

The City of Los Angeles is currently facing a significant infrastructure challenge resulting from the successful expansion of accessory dwelling units (ADUs) on multi-family residential lots. While much attention is dedicated to site planning, it is imperative that plans include updated provisions and regulations for onsite trash facilities and appropriate equipment. In extreme cases, lot intensification leads to no planned areas for trash receptacles or adjustment to additional service for new units leading to spillover into the public right-of-way.

Traditionally, properties with one to four units have individual residential accounts with separate black, blue, and green bins. Recent laws have allowed for the conversion of garages and additional ADUs on multifamily lots. When ADUs are added, additional individual trash bins end up on the same property, leading to an over saturation of individual bins. Lack of space to accommodate these bins on-site leads to them becoming permanent fixtures of the sidewalks, alleys and parkways. Over saturation of individual bins creates significant accessibility barriers, public health concerns, and major quality-of-life issues for a neighborhood. Consequently, there is an urgent need to align the building permit process with sanitation requirements for appropriate trash receptacle type and location to address the overspill of individual bins and proper on-site placement.

I THEREFORE MOVE that the City Council INSTRUCT the City Planning Department (CPD), the Department of Building and Safety (LADBS), and the Bureau of Sanitation (LASAN) to report back within 60 days on ADU Trash Policies and Procedures with recommendations to mitigate increased trash needs when additional ADUs are added to existing multifamily properties resulting in 5 or more units.

I FURTHER MOVE that the report includes sanitation alternatives for properties with bin storage limitations, such as the use of "micro-dumpsters" standards or collection programs like RecycLA. These recommendations should aim to ensure that trash receptacles are fully accommodated on-site, thereby restoring the accessibility of City sidewalks and alleys while providing efficient sanitation services to high-density residential lots.

Senator Bill Greene was a trailblazing civil rights leader, labor advocate, and longtime California legislator whose life was dedicated to the pursuit of justice, equity, and opportunity for all. Born William Bradshaw Greene Jr. in Kansas City, Missouri, and raised in Los Angeles, Senator Greene attended the University of Michigan, where he became deeply involved in the civil rights movement during the turbulent and violent early 1960s. His work brought him into the ranks of civil rights giants such as Julian Bond, Stokely Carmichael, and James Farmer of the Congress of Racial Equality (CORE).

Following his work as a civil rights activist, Greene broke barriers in government when he was hired as the first African American desk clerk in the California Assembly by then-Speaker Jesse M. Unruh. He entered elected office in 1967, succeeding his friend and mentor Mervyn Dymally in the State Assembly. In 1975, he again succeeded Dymally in the State Senate where he would serve until 1992. Over the course of his legislative career, Greene chaired the powerful Industrial Relations Committee and became a respected voice on labor law and workers' compensation reform.

Greene was known for balancing pro-labor values with an understanding of the business community, advocating for economic development in underserved communities while maintaining strong relationships across political and ideological lines. In his earlier career, he worked as a lobbyist for the Building Service Employees International Union, a field representative for the Los Angeles City Employees Association, a staff member of Voice of America, and served in the United States Air Force.

Senator Bill Greene passed away leaving a towering legacy of service, sacrifice, and principled leadership. His impact continues to be felt in Los Angeles and throughout California. In recognition of Senator Bill Greene's lifelong dedication to the City of Los Angeles, to the people of California, and to the cause of justice and equality, it is fitting that a portion of the city bear his name as a lasting tribute.

I THEREFORE MOVE that the City Engineer be directed to initiate the process of changing the name West 58th Street between South Figueroa Street and South Flower Street as "Senator Bill Greene Street."
