Sec. 4. **URGENCY CLAUSE.** The City Council finds and declares that this ordinance is required for the immediate protection of the public health, safety, and welfare because the warehousing, distribution, and storage uses pose a threat to the disadvantaged communities within or in proximity to the CASP area who are overburdened by such uses, including from nitrogen oxides (NOx), diesel particulate matter (DPM), and particulate matter with diameters that are 2.5 micrometers or smaller (PM2.5) emissions from, and from accidents involving, heavy trucks associated with warehousing, distribution and storage uses. These emissions contribute to smog, lung irritation, inflammation and also may exacerbate various cardiovascular and respiratory diseases. Additionally, the effects of warehousing operations posing safety risks for residents in proximity to these facilities related to traffic safety from truck trailers that serve these uses. According to data from the Los Angeles Department of Transportation (DOT), there have been a total of thirty-three collisions within the boundaries of the CASP between 2018 and 2023, resulting in one fatality, one serious injury, and approximately nineteen instances of property damage attributed to truck trailers. For these reasons, this ordinance shall become effective upon publication pursuant to Section 253 of the Los Angeles City Charter.

Sec. 5. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.
